GOVERNING BOARD SPECIAL MEETING
November 18, 2026

Professional Development Building, Conference Room 4
1680 David E Cook Way, Clovis, California

4:00 PM – PUBLIC SESSION

Members of the public who wish to provide public comments must do so in-person during the Board meeting. **Please complete and submit a Public Comment Form before the start of the Public Session on the day of the meeting.** The Public Comment Form is available outside the Board meeting room on the day of the meeting. During the meeting, speakers who have requested to address the Board will be called to do so. Comments on items that are on the agenda are to be made when the item is called by the Board President. Comments on matters that are not on the agenda are to be made during the Public Presentations. Pursuant to Board Bylaw No. 9323, each speaker generally has up to two (2) minutes to speak. The Board President may adjust the time allotted for each speaker and limit the total time for public comment. No speaker may yield his or her time to another speaker. Each regular Board meeting will be video recorded by the District, the recording of which will be made accessible to the public within 48 hours of the Board meeting at:

https://www.cusd.com/board-agendas-meetings-archives

Regular Meeting AGENDA

Additional information regarding this agenda may be viewed through the District's website at

https://pwr.cusd.com/boardagendas.html

In compliance with the Americans with Disabilities Act, if you need special assistance to access the Board meeting room or to otherwise participate at this meeting, including auxiliary aids or services, please contact the Superintendent's Office at 327-9105. Notification at least 48 hours prior to the meeting will enable the District to make reasonable arrangements to ensure accessibility to the Board meeting.

Public records relating to an open session agenda item of a regular meeting that are distributed within 72 hours prior to the meeting will be available for public inspection at the District Office, 1450 Herndon Avenue, Clovis, California.

An invocation may be held prior to the start of the Board meeting. Attendance during and participation in the invocation are optional and voluntary. No students, parents, members of the public, Board members, student Board representative, or employees are required to attend or participate in the invocation.

District Summary and Reading Guide

We are pleased to share Clovis Unified's student achievement results. This report brings together state assessments in English language arts, mathematics and science, local primary-grade assessments, English learner results, Advanced Placement, and college and career readiness. These measures help our schools set goals and plan for continued improvement, supporting our commitment to developing students in mind, body and spirit.

Annual comparisons in this report are cross-sectional, or unmatched cohorts: they compare results for the same grade, school or district across years, but the students are different. A matched-cohort analysis follows the same students over time. Changes shown here describe achievement trends; they do not measure individual student growth.

Clovis Unified improved in English language arts, mathematics and science in 2026. The district summary below is followed by grade-level, school and student-group results.

State assessment	2026 Levels 3–4	Change from 2025 points	Change from 2019 points
English language arts	68.92%	+1.10	-3.96
Mathematics	55.28%	+1.19	-3.40
Science	52.41%	+2.22	+7.00

Additional District Results

Measure	2025–26 result
Summative ELPAC	22.02% at Level 4; 58.25% at Levels 3–4
English Learner Progress Indicator	57.5% making progress; Green
Students reclassified as fluent English proficient	351
Advanced Placement	6,044 exams; 82.8% scored 3 or higher
College and Career Indicator	70.1% Prepared; Blue

Reading the Tables

Percentages show students meeting the reported performance standard. For CAASPP, this is Levels 3 and 4. N tells you how many students received scores. Years refer to spring testing or the Dashboard reporting year.

Changes are shown in percentage points: an increase from 50.00% to 55.00% is a gain of 5.00 points. The 2019 column provides the pre-pandemic comparison. NR or a dash means a result is unavailable, suppressed for privacy, or not applicable.

SED means socioeconomically disadvantaged; EL, English learners; SWD, students with disabilities; and LTEL, long-term English learners. Groups can overlap. School analyses compare priority groups with the schoolwide rate and compare the two largest reportable racial/ethnic groups. Small-group results need caution.

For CAASPP and CAST, percentages, achievement gaps and percentage-point changes are reported to two decimal places. Published percentages retain source precision. Derived calculations use source percentages or available counts, with rounding applied only to the final result.

CUSD's 7.78-point increase exceeded California's 3.41-point increase and Fresno County's 1.77-point increase. Four of the six selected peer districts had larger increases than CUSD.

Peers are unified districts with more than 10,000 ELA scored results and a 2026 SED share within 10 points of CUSD. Three per region were selected for closeness in SED share and tested size. Count growth = (2026 SED count minus 2019 SED count) divided by the 2019 SED count. Counts describe tested students and SED classifications, not family income changes.

Clovis had the highest 2026 proficiency in all three subjects among these entities. Each entity improved from 2025, but Clovis did not have the largest gains. Clovis ELA and mathematics remained below 2019, while science was 7.00 points higher. Its tested SED percentage increased the most in this local comparison, while remaining below the other entities.

Source: uploaded 2019, 2025 and 2026 CAASPP and CAST research files. SED = socioeconomically disadvantaged. SED percentages use ELA scored students and unrounded proportions. Kings Canyon refers to Kings Canyon Joint Unified.

Clovis led this comparison in 2026 SED proficiency in ELA and science. Kings Canyon was higher in mathematics, at 43.93% compared with Clovis's 42.68%. Clovis improved in all three subjects from 2025. Its ELA and mathematics gains exceeded the county and state gains. Its science gain exceeded the state gain but fell below the county gain.

Clovis did not have the largest annual SED gain in any subject. Fresno led in ELA and science, while Kings Canyon led in mathematics. Since 2019, Clovis SED results declined by 3.67 points in ELA and 2.41 points in mathematics, while science increased by 7.00 points. Kings Canyon exceeded its 2019 results in all three subjects.

Clovis SED and Non-SED Context

Subject	Group	2019	2026	Change points
ELA	**SED**	**61.26%**	**57.59%**	**-3.67**
ELA	Non-SED	82.85%	82.19%	-0.66
Mathematics	**SED**	**45.09%**	**42.68%**	**-2.41**
Mathematics	Non-SED	70.35%	69.98%	-0.37

The tested SED percentage rose from 46.19% to 53.96% in Clovis. Both SED and non-SED ELA and mathematics results remained below 2019, so demographic change does not explain the full difference in overall results. Annual comparisons involve different tested students and do not measure individual growth or establish causes.

Findings

CAASPP results from the 2025–26 school year

Clovis Unified's 2026 results improved across all three state assessments. English language arts reached 68.92%, mathematics reached 55.28%, and science reached 52.41%. ELA and mathematics remain below their 2019 pre-pandemic rates, while science is 7.00 percentage points above that baseline.

Subject	2026 Levels 3–4	Change from 2025	Change from 2019	2026 students with scores
ELA	68.92%	+1.10 pp	-3.96 pp	22,649
Math	55.28%	+1.19 pp	-3.40 pp	22,501
Science	52.41%	+2.22 pp	+7.00 pp	9,832

Mathematics has improved each year since 2022, gaining 6.03 percentage points through 2026. Six of the seven tested grades improved in both ELA and mathematics this year. Grade 7 was the exception, declining by 1.30 points in ELA and 1.88 points in mathematics. Grade 11 mathematics exceeded its 2019 result by 0.44 points, while grade 11 ELA was essentially at its pre-pandemic rate.

Grade 7 District and State Comparison

Subject	Entity or difference	2025	2026	Change points
ELA	Clovis Unified	71.38%	70.08%	-1.30
ELA	California	49.65%	50.57%	+0.92
ELA	**CUSD minus California**	**21.73 pp**	**19.51 pp**	**-2.22**
Math	Clovis Unified	54.15%	52.27%	-1.88
Math	California	36.08%	37.54%	+1.46
Math	**CUSD minus California**	**18.07 pp**	**14.73 pp**	**-3.34**

Both grade 7 subjects declined in CUSD while improving statewide. CUSD remained above the state, but its lead narrowed by 2.22 points in ELA and 3.34 points in mathematics. CUSD's decline therefore does not mirror the statewide trend and warrants closer review of grade 7 results. These annual comparisons involve different students and do not identify the cause of the changes.

Progress also varied across student groups. Socioeconomically disadvantaged students gained 2.61 points in ELA and 2.92 points in mathematics. Their differences from non-SED students narrowed slightly but remained substantial at 24.60 and 27.30 points, respectively. English learners improved in both subjects. Students with disabilities improved in ELA, while their mathematics rate declined from 13.13% to 12.05%. These patterns support continued attention to access, instruction and progress for students whose results trail the district overall.

The SED share of students with ELA scores rose from 46.19% in 2019 to 53.96% in 2026, an increase of 1,907 SED students. This shift was larger than the state and county increases, while several comparable districts experienced larger shifts. Demographic context matters, and ELA and mathematics results within both SED and non-SED groups remain below their 2019 levels.

High School Testing Context

High schools tested different cohorts in 2026. Buchanan High tested its sophomore cohort two years earlier and had little new testing this year, while Clovis High tested sophomores in 2026. Buchanan’s 13 current-year scored results describe a small tested group. High school comparisons should be read with these testing schedules in mind.

Advanced Placement Results by Course and School

Each course is followed by its school results. All years remain together. Each year: exam count, then percentage scoring 3–5 in bold.

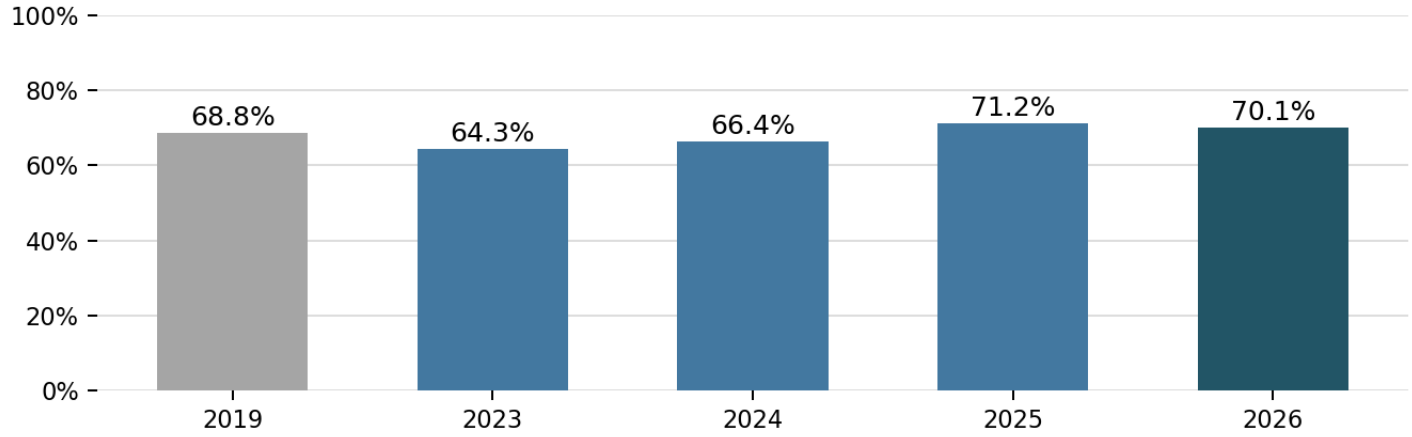
College and Career Readiness

2026 California School Dashboard results for the 2026–27 Board Workshop

CUSD had 70.1% of its CCI cohort classified as Prepared and received a Blue rating. The official annual change was −1.6 percentage points.

District Overall Performance



Dashboard year	2019	2023	2024	2025	2026
Prepared	68.8%	64.3%	66.4%	71.2%	70.1%
CCI cohort	3,061	3,039	3,222	3,235	3,209

2026 Readiness Levels

Overall readiness level	Students	Percent
Prepared	2,251	70.1%
Approaching Prepared	319	9.9%
Not Prepared	639	19.9%

The 2026 cohort includes 3,209 students. Readiness percentages may not total 100% because of rounding.

Annual changes use the comparable prior-year calculation; historical columns show each year's published result.

Comprehensive High School Results

2026 overall readiness with historical Prepared percentages

Prepared rates ranged from 67.0% at Clovis East to 75.1% at Buchanan among the five comprehensive high schools with a reported 2026 result.

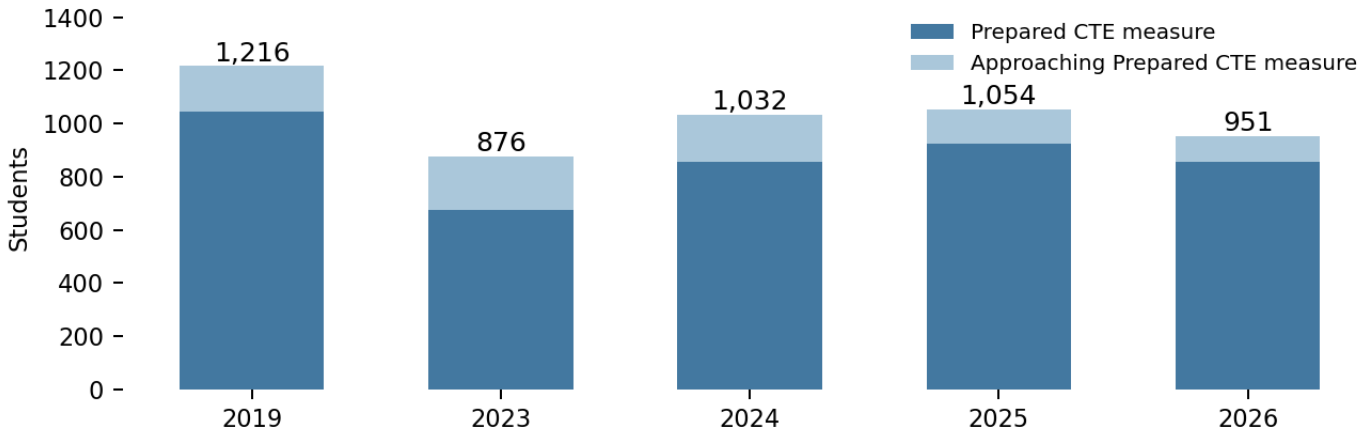
CTE Pathway Completion in CCI

In 2026, 855 students met the Prepared CTE pathway measure and 96 students in Approaching Prepared met the CTE completion measure.



District CTE measure	2019	2023	2024	2025	2026
Prepared CTE measure	1,044	676	855	924	855
Approaching Prepared CTE measure	172	200	177	130	96
Reported CTE measures total	1,216	876	1,032	1,054	951

2026 Comprehensive High School Counts

School	Prepared CTE measure	Approaching Prepared CTE measure	Reported CTE measures total
Buchanan	181	18	199
Clovis	199	28	227
Clovis East	215	24	239
Clovis North	140	12	152
Clovis West	120	14	134
Clovis South	NR	NR	NR

These counts cover the two CCI CTE pathway measures, rather than all district CTE completers. The Prepared measure requires pathway completion plus an additional readiness criterion.
