**RECOMMENDATION:**

Conduct a public hearing on September 25, 2024, no earlier than 6:45 p.m., at 1680 David E. Cook Way in Clovis, for the purpose of taking public comments and adopting a resolution making certain findings and authorizing and approving a PACT/Energy Services Agreement with Electric Motor Shop (Contractor) in accordance with California Government Code Sections 4217.10 to 4217.18.

**DISCUSSION:**

The purpose of the PACT/Energy Services Agreement is to allow the Contractor to construct/install certain energy efficiency retrofits, including the installation of upgraded lighting (Project).

The Governing Board shall also consider the adoption of findings that it is in the best interest of the District to enter into the PACT/Energy Services Agreement with the Contractor. The Governing Board shall further consider the adoption of findings that the anticipated cost to the District for thermal or electrical energy or conservation services provided by the Project under the Energy Services Agreement will be less than the anticipated marginal cost to the District of thermal, electrical, or other energy that would have been consumed by the District in the absence of such purchases.

**FISCAL IMPACT/FUNDING SOURCE:**

No fiscal impact.

# Annual Governing Board Report Summer School 2024

This is a comprehensive  
report of all summer  
programs offered in Clovis  
Unified School District

Marc Hammack, Ed.D., Associate Superintendent, School Leadership  
Erin Waer, Assistant Superintendent, Curriculum, Instruction and Accountability  
Darrin Holtermann, Elementary Administrator, Curriculum, Instruction and Accountability  
Chuck Sandoval, Secondary Administrator, Curriculum, Instruction and Accountability  
Karen Boone, Summer School Administrator, Curriculum, Instruction and Accountability

# 2024 Summer School

The summer of 2024 marked another successful summer school program. Students achieved growth in Language Acquisition, English Language Arts and math at the elementary level and completed necessary credit recovery or original credit courses at the high school level.

## Improvements to summer school for 2024 included the following:

- Moving to a one elementary site per area model
- New curriculum and program design for sixth, seventh and eighth grade students
- A revision of the Standard Operating Procedures (SOP) Manual
- Streamlining of the HR hiring templates
- The addition of leveled phonics instruction for grades kindergarten through fifth grade
- The refining of elementary pre- and post-assessments
- Secondary students had the opportunity to take online original credit courses in World Languages, PE, Art, Health and Social Science. These students took their classes through Clovis Online.

## Looking to next year, the following improvements are planned:

- Continued revision of the SOP Manual
- Revision of Independent Study Art curriculum
- Continued revision of Health, U.S. History and World History curriculum
- Examination of the success of the online original credit courses

# Summary of Programs

## Elementary Summer School

The Elementary Summer School program provided intervention for 1,447 students in grades kindergarten through grade five with instruction aligned to California Content Standards in English Language Arts, Language Acquisition and Mathematics. The Curriculum, Instruction and Accountability department worked with elementary summer school sites to provide a coordinated program for the district's elementary students.

For the second year, the 2024 Summer School program included a Language Acquisition Block (LAB) for all students at all elementary sites, a program that benefits all students, but specifically the District's English Learner (EL) population, as these students were able to improve their skills while attending summer school in their area with their peers. We also introduced a leveled phonics curriculum to the English Language Arts program that required teachers pre-test students so summer school administrators could level those students for targeted daily instruction.

## Secondary Summer School

### Intermediate Academy

This year seventh and eighth graders needing extra academic support as well as sixth graders attended Alta Sierra where they participated in the AVID Summer Bridge Academy. This program was structured to "keep students connected to learning and to one another by providing rigorous learning opportunities that build community and spark joy." As the program is designed to support learning in all students and empower participants to explore what's possible in school, careers, and life, it was determined that sixth graders may also benefit from this program as they are transitioning to an intermediate campus in the fall. In the past, the seventh and eighth graders needing academic support to be successful attended summer school on the high school campuses. Secondary administrators made the recommendation to serve the intermediate students at different sites, resulting in the AVID Summer Bridge Academy.

# Summary of Programs

## Clovis Community Day School Intermediate Program

Summer school at CCDS was used as an intervention for those sixth, seventh and eighth grade students identified as being below grade level academically. As the goal of CCDS is to return students to their comprehensive sites, the summer program provided students the chance to remediate so they were eligible to return to their home campuses.

## Traditional High School Program

Students completed both original credit for acceleration and credit recovery coursework. Students needing courses for original credit received instruction from credentialed teachers and attended classes in-person four days a week. Credit recovery coursework was provided through Edgenuity for intervention purposes and content delivery. There were 2,547 students enrolled in independent study courses and 1,999 enrolled in face-to-face courses. An additional 106 students were enrolled in credit recovery courses.

## Online Original Credit Program

In its pilot year, the new Online Original Credit program saw 75 students earn credit for World Languages, PE, Art, Health and Social Science courses.

# Summary of Programs

## Multilingual Learner Supports

The summer school program served 449 EL students. Of those, 188 were Newcomer students, of which 98 were high school students.

Elementary EL students attended school at the designated site for their area. Each elementary site had three EL Teachers on Special Assignment (TOSAs) who worked with EL students in leveled small groups focusing on language acquisition in addition to the instruction they received in their grade level's Language Acquisition Block. EL TOSAs also worked with the summer school teachers, extending their learning with the LAB and strategies for working with EL students.

Middle school students grades six through eight all attended the AVID Summer Bridge Academy held at Alta Sierra. Of the 226 students who attended; 60 of those students were EL students, and of the 60, 13 of those students were Newcomers.

At the high school level, all three high school sites had one teacher designated for Newcomer support. These teachers supported students' language needs along with supporting their academic needs in classes they were taking for credit recovery. An EL second grader at Jefferson reported "I really didn't want to come to summer school, but I am glad I did because this was fun." Mountain View Summer school teacher Kaitlyn Chakerian said they had a very successful summer school!

## Extended School Year

This year's Extended School Year program for special education served 896 students. Dry Creek and Cedarwood hosted our elementary students, Boris offered all of our Special Education pre-school programs, the Clovis North Educational Center held the junior high through high school programs, Adult Transition Program and Therapeutic Intervention Program were held at the Adult School, and our medically fragile students were served at the Garfield Center. These students were supported by 88 teachers and 359 para educators.

## Career Technical Education Summer Academy

CUSD Career Technical teachers offered 12 three-week sessions for students in grades seven and eight at four comprehensive sites. The 215 students that participated in these programs became acquainted with the variety of CTE programs available to CUSD students.

# Elementary Summer School

## Overview:

This year's elementary program ran four weeks in length from Monday – Thursday, June 17th – July 11th, except for June 19th and July 4th. We moved to a model of one elementary school per area and one Expanded Learning Club site per area for the summer 2024 program. A total of five campuses served 1,447 students. The summer school programs for elementary were designed to provide students with targeted, meaningful, and engaging instruction for essential skills in English and math.

## The five campuses that housed the 2024 elementary summer school were:

- Buchanan Area: Tarpey Elementary
- Clovis East Area: Temperance-Kutner Elementary
- Clovis High Area: Jefferson Elementary
- Clovis North Area: Mountain View Elementary
- Clovis West Area: Pinedale Elementary

## Curriculum

The District TOSAs worked to create the curriculum for all elementary programs, and instruction was focused on meeting the needs of students by providing targeted instruction designed to support student learning.

### English Language Arts Curriculum

- LAB
- Benchmark lesson plans with resources
- Targeted i-READY
- Intervention Lessons
- Phonics for Reading
- Steps to Advance

### Math

- Lesson plans with resources correlated to i-READY
- Classroom math

Grade 1	20%	12%
Grade 2	19%	11%
Grade 3	32%	39%
Grade 4	32%	42%
Grade 5	45%	26%

Phonics for Reading	% Growth
Level One Growth	59%
Level Two Growth	58%
Level Three Growth	56%

**Note:** Students were pre-tested at their home sites prior to the end of the school year. Students, regardless of grade level, were assigned a Phonics for Reading level based on their pre-test score. Students were given a post-test at the end of the summer program which resulted in the growth demonstrated at each level of Phonics for Reading.

**Attendance**

**Kindergarten Narrative**

Kindergarten teachers reported that having a smaller class size in kindergarten allowed them to have more time with students to focus on the phonics curriculum. Students were able to focus within a small group and be better supported while learning phonics. Having Education Pathway students come in for additional support within Kinder classes was helpful to be able to support small groups.

**Principals' Highlights**

The Phonics for Reading was a good addition to the instructional program at summer school this year in the Buchanan area. Summer School allowed for much needed targeted intervention to prepare students for the upcoming school year.

## Attendance

### Kindergarten Narrative

Smaller class sizes helped teachers work on phonics and phonemic awareness in a station setting. The math growth results provide evidence of the work teachers were able to do with the kindergarten students. The change to a longer school day from the kindergarten schedule will help students acclimate to first grade in the fall.

### Principals' Highlights

Having all Clovis East area students on one campus rather than two allowed for a full-school feel in summer school. The camaraderie among teachers and students from the area was evident. The EL TOSAs were outstanding and both supported teachers in the classroom by pushing in and taking small groups of students. Teachers benefitted from watching the EL TOSAs model strategies in their classrooms.

Students were given a post-test at the end of the summer program which resulted in the growth demonstrated at each level of Phonics for Reading.

### Attendance

### Kindergarten Narrative

Kindergarten students benefitted from lower class sizes and the availability of the EL TOSA's on campus. Kindergarten students realized significant growth in math as evidenced by the post-test, and also grew in ELA as evidence by their daily work in the classroom.

### Principal's Highlights

The Clovis Area Summer School at Jefferson Elementary focused heavily on improving student reading levels through phonics-based instruction. We embedded character instruction through daily positivity project lessons.

**Attendance**

**Kindergarten Narrative**

Kindergarten students gained skills in practicing letters and sounds, rotating in groups, and following directions.

**Principals' Highlights**

First grade teachers rewarded students with popsicle Thursdays for being safe on the playground and being respectful in and out of the classroom. In second grade, students learned about nouns, verbs, and adjectives around them through outdoor scavenger hunts. The third graders read *Because of Winn Dixie* and enjoyed watching the movie during the last day of summer school. Our fourth grade students learned about character traits by creating character trait story books. Fifth grade students worked on Growth Mindset and made bottle rockets and toothpick bridges as part of their science curriculum.

Students were given a post-test at the end of the summer program which resulted in the growth demonstrated at each level of Phonics for Reading.

**Attendance**

**Kindergarten Narrative**

Kindergarten teachers shared that students benefited from small group instruction – especially in reading. They also are better prepared for first grade after being in an all-day program (with the exception of Pinedale students who are in extended day program all year).

**Principals' Highlights**

Pinedale utilized a weekly ticket system to recognize students for perseverance. We also gave weekly prizes for perfect attendance. Students were treated to a magician show and Reptile Ron. Fresno Pacific University student teachers added support by being able to assist teachers with small group instruction.

# Intermediate Summer School

## Overview:

### **AVID Summer Bridge Academy**

This summer, the AVID Summer Bridge Academy at Alta Sierra Intermediate School focused on enhancing English Language Development skills for sixth, seventh and eighth graders. Students engaged in a variety of activities designed to improve their reading, writing, speaking, and listening abilities. Each student received an AVID binder and learned the importance of keeping it organized, a key skill for their future academic success.

Throughout the program, students explored their individual learning styles and how to effectively use their strengths in the classroom. They worked together as a cohort to create classroom norms and agreements, fostering a sense of community and mutual respect. This collaboration emphasized the importance of building a supportive and inclusive classroom environment. Students also practiced essential AVID-based skills, including Cornell notetaking, Writing, Inquiry, Collaboration, Organization, and Reading (WICOR) strategies, building word banks, and focusing on grammatical structure. All skills are designed to enhance their academic performance and prepare them for future educational challenges.

When principal Danny Bravo interviewed students about their experiences during the summer session, many shared that they enjoyed meeting new students from other schools and building new friendships. One student stated that she appreciated the classroom environment and learning new English Language Development skills that she can use in the next school year. Another student mentioned that his favorite part of summer school was his teacher, saying, "she was really cool!" Overall, the AVID Summer Bridge Academy provided students with a comprehensive and enriching experience, equipping them with the tools and skills necessary for their future academic success.

### **Clovis Community Day School Intermediate Program**

Students were broken into two groups, with each group spending half their day in Math intervention and the other half of their day in ELA intervention. Standards-based instruction was given in areas that had been identified as weaknesses of the students. This past summer, students worked to create a functional budget that included working with integers and fractions as well as percentages. Members of the community were brought in daily to share their stories, offer career insight, and connect and motivate the students. The students spent 12 hours with staff at the Pinedale Boys and Girls Club participating in community service, learning the hazards of vaping and drug use, and creating vision boards related to financial literacy.

# High School Summer School

## Overview:

### Traditional High School Summer School Program

Grades 8 – 12 participated in the summer school program in one of three programs:

**Independent Study:** Students came to campus one day a week to turn in material and complete assessments that measured their learning.

**In-Person Original Credit:** Students came to campus Monday – Thursday to take classes for original credit to have room in their schedule for electives such as Instrumental Music or Leadership.

**In-Person Credit Recovery:** Students came to campus Monday – Thursday to make up credits in a variety of subjects.

## Curriculum:

The curriculum used for Independent Study was created by CUSD teachers. Independent Studies PE was rewritten last summer, and World and U.S. History packets and U.S. History tests were revised prior to this summer. Math courses were taught by credentialed teachers using curriculum provided by CUSD TOSAs. Science courses were taught by credentialed teachers using the school-year curriculum. English courses were taught by credentialed teachers using a new curriculum created by a team of CUSD English teachers. Credit Recovery courses were taught by credentialed teachers using the Edgenuity curriculum.

### The three campuses that housed the 2024 secondary summer school programs were:

- Buchanan Area and Clovis North Area: Clovis North High School
- Clovis High Area and Clovis East Area: Clovis High School
- Clovis West Area: Kastner Intermediate

## NEW High School Online Original Credit Program

This was the first year that CUSD students had the opportunity to take courses in World Languages, PE, Art, Health and Social Science online. All students were taught by Clovis Online teachers using the Clovis Online curriculum.

While 103 students initially enrolled, 28 students dropped, leaving the total number of participating students at 75. All 75 passed their original credit online classes with a grade of "C" or better, with the vast majority earning "A's" and "B's".

# Career Technical Education Summer Academy

CUSD Career Technical Education (CTE) teachers again opened their classrooms to current seventh and eighth grade students in order to expose them to the career pathways available to them. All programs were filled to capacity; 195 spots were filled with 195 students.

## Buchanan Area

**Graphic Design for Beginners:** Students learned the basic elements of graphic design like color use, principles of design, typography, writing for media, and basic photography skills. With these new skills, students created several projects including logo design, event poster, and a thematic portfolio that could be accessed both digitally and in print.

## Clovis East Area

**Explore Health Careers and Medical Wellness:** Students learned basic first aid and Cardiopulmonary Resuscitation (CPR) through a hands-on real-world experience. Students also had the option to earn the Heart Saver certification (with parent permission). Students took a field trip to Clovis Regional Medical Center where they observed medical professionals taking vital signs (Blood Pressure, Pulse Rate, and Respiration) and administering basic First Aid.

**Welding Basics:** Students learned to “light it up” using the gas metal arc welding process. The course covered safety, types of welders, welding wires and, of course, how to weld. Students learned to make welding beads and created a small project to take home.

## Clovis High Area

**3-D Design Workshop:** Students were introduced to basic design concepts and discovered how to use Computer-Aided Design (CAD) software to model and 3D print their own creations. Students created unique solutions to design prompts that challenged them to think creatively and work collaboratively. This course combined creative and technical skills, and therefore appealed both to those who like the arts and those who prefer math and science.

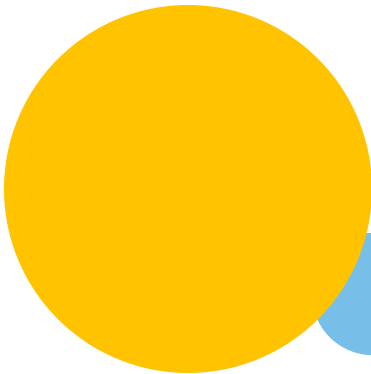

## Clovis North Area

**The Art of Storytelling:** Students learned the basics of story writing and storytelling, plus the elements of plot structure and character development to develop themes that are important to the development of Child and Adolescent Literature. Through the perspective of Ancient Mythology, participants read and researched different aspects, including the fundamentals of a Hero, and ending with the creation of their own mythological story. At the end of the session, students received a professionally bound copy of their story!

**A Look into Health Careers:** In this session, students learned all about CPR, Automatic External Defibrillator, and also First Aid. At the end of the session, students obtained a CPR, AED, and First Aid certification from the American Heart Association. Other skills acquired included taking vital signs including taking blood pressure, pulse, respirations, vision, and blood-oxygen saturation.

## Clovis West Area

**Wheels and Reels:** Students got their wheels and reels turning this summer! In the immersive Cars and Video Production program, students learned the basics of auto maintenance and honed their storytelling skills through film production. In just three weeks, students rolled up their sleeves and received hands-on experience repairing classic cars while also mastering the art of video creation.

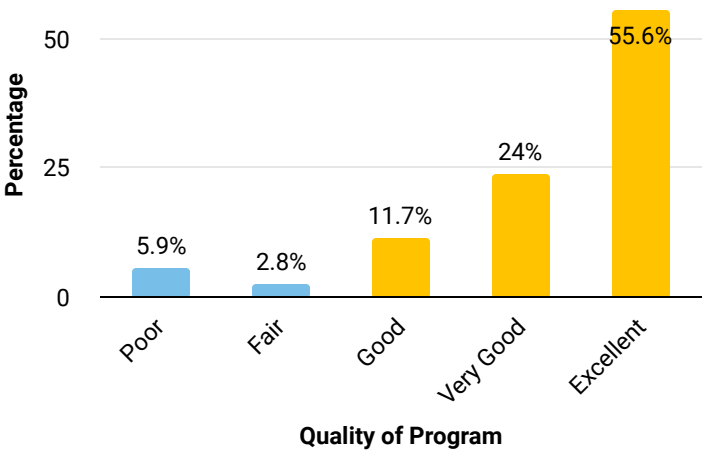

# Summer School Parent Results Summary

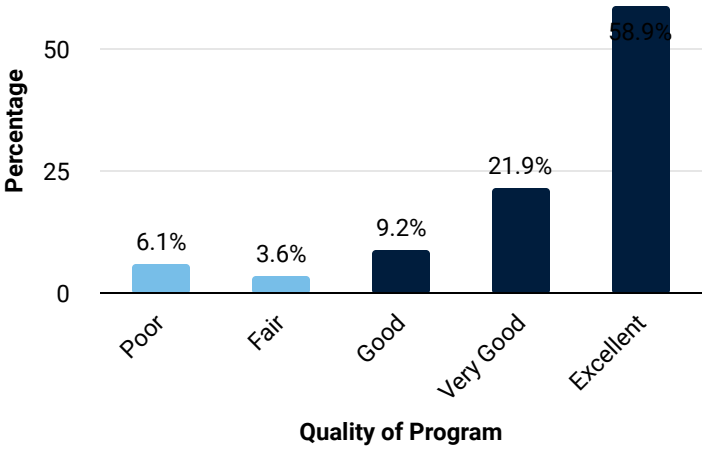

At the conclusion of the summer school program, parents were surveyed on their student(s)' experience.

## Parent Survey Responses

When parents were asked to rate the quality of the curriculum used during summer school, 92.2% rated the curriculum as Good, Very Good or Excellent.

When parents were asked to rate their student's feeling of success with the instruction they received, 95% rated their student's perception of success as Good, Very Good or Excellent.

## Summer School Parent Survey Results Summary

### Compliments from the parent survey included the following:

- My student “made new friends and is excited about learning”.
- “My son loved summer school. I’ve noticed a big difference in his reading”.
- My daughter “came in knowing twelve sight words and now knows them all. They will be prepared for first grade after attending summer school. Thank you for putting this program on.”
- “Pinedale summer school gave my son a lot of confidence and he loves school again.”
- Due to taking summer school, my daughter is “able to take her elective of choice during the regular school year.”
- “Attending summer school has significantly improved my child’s student habits.”

### Constructive feedback from the parent survey:

Comments centered around issues about transportation, timing, and the absence policy. Some samples of parent feedback include:

- Elementary summer school “is too short”.
- Develop and implement a better way to have kids board the correct bus.
- At the elementary level, develop a way to provide teacher feedback to parents during the summer session.
- Please allow for true independent study with more than one absence allowed.

**FOR INFORMATION:**

**FOR ACTION:** September 25, 2024

**RECOMMENDATION:**

Approve the Voluntary Community Recreation Programs, as submitted.

**DISCUSSION:**

The Clovis Community Sports and Recreation Department provides and operates noneducational, athletic and recreation programs and activities for the access and enjoyment of Clovis and surrounding communities. Such noneducational, recreational programs and activities are not part of the District's curricular, extracurricular, or co-curricular educational programs, and are entirely separate and distinct from the District's educational program. The Department's recreational offerings are available to all age-appropriate participants in Clovis, Fresno and surrounding communities, whether or not such participants are enrolled in the District's educational program, and students enrolled in the District's educational program are never required to participate in the Department's noneducational, recreational programs or activities.

The proposed costs listed below are to attend the camp/clinic and may not include additional items such as spirit packs, shirts, jerseys, etc. The additional items will be provided at cost with no profit for the program. All additional items will be specifically identified in the flyers to the community.

## GOVERNING BOARD MEETING

### MINUTES

September 11, 2024

***Professional Development Building, Boardroom  
1680 David E. Cook Way, Clovis, California***

**5:30 P.M. – CLOSED SESSION**

**6:30 P.M. – PUBLIC SESSION**

Members of the public who wish to provide public comments must do so in-person during the board meeting. **Please complete and submit a Public Comment Form before the start of the Public Session on the day of the meeting.** The Public Comment Form is available outside the board meeting room on the day of the meeting. During the meeting, speakers who have requested to address the Board will be called to do so. Comments on items that are on the agenda are to be made when the item is called by the Board President. Comments on matters that are not on the agenda are to be made during the Public Presentations. Pursuant to Board Bylaw No. 9323, each speaker generally has up to 2 minutes to speak. The Board President may adjust the time allotted for each speaker and limit the total time for public comment. No speaker may yield his or her time to another speaker. Each regular board meeting will be video recorded by the District, the recording of which will be made accessible to the public within 48 hours of the board meeting at:

01	Added curb at mow strip.	\$4,371.00	A&E Omission

Description: Added curb at mow strip.  
 Requested By: A&E Omission. \$4,371.00 to be added to the contract.  
 Reason for Change: A&E Omission. The sidewalk at the west parking lot between the curb and irrigation pump yard is not in compliance. A curb will be installed along the mow strip to allow the sidewalk to be placed per city requirements.

Item No.	Item Description	Item Amount	Reason for Change
02	Added seal coat.	\$31,132.00	District Change

Description: Added seal coat.  
 Requested By: District Change. \$31,132.00 to be added to the contract.  
 Reason for Change: District Change. The seal coat at the parking lot and play courts was removed in the Addendums. This seal coat was added so that the parking lot and play courts have a clean finish after trailers were removed.

Item No.	Item Description	Item Amount	Reason for Change
03	Interim housing housekeeping pad.	\$1,586.00	Unforeseen Condition

Description: Interim housing housekeeping pad.  
 Requested By: Unforeseen Condition. \$1,586.00 to be added to the contract.  
 Reason for Change: Unforeseen Condition. Due to delays caused by DSA (Division of the State Architect), interim housing was required to maintain the school opening in August. A housekeeping pad was required for the electrical feed to the portables.

**RECOMMENDATION:**

Board members can determine whether to renew the Board's annual membership in the Fresno County School Trustees Association for the 2024-25 school year.

**DISCUSSION:**

Annually, Clovis Unified School District's Governing Board has agreed to pay dues for membership in the Fresno County School Trustees Association. The cost of membership for the 2024-25 school year is \$720. The Association uses funding from dues to continue ongoing programs, strengthen the trustee organization and support public education. The dues are a flat rate for a seven-member Board and the Superintendent (total of eight people). The dues for the 2023-24 school year were \$600, which is an increase of \$120 for the 2024-25 school year.

This item is being submitted directly to the consent agenda in order to send the payment in a timely manner, if it is approved.

---

**CONTACT PERSON:** Corrine Folmer

**FOR INFORMATION:** September 11, 2024      **FOR ACTION:** September 25, 2024

**RECOMMENDATION:**

The Governing Board may choose to nominate Hispanic or Asian/Pacific Islander candidates for Directors-at-Large to the California School Boards Association (CSBA).

**DISCUSSION:**

The nominations for Directors-at-Large must be made by a CSBA member board and the nominee must be a board member from a CSBA-member district or county board of education. A completed, signed and dated nomination form must be either submitted online or emailed to [nominations@csba.org](mailto:nominations@csba.org) no later than 11:59 p.m. on Friday, October 4, 2024.

Nominees are required to submit a signed and dated Candidate Form and two letters of recommendation (one page, single-sided letter addressed to CSBA President Albert Gonzalez) by 11:59 p.m. on Friday, October 18, 2024. The elections will take place on Wednesday, December 4, 2024, at CSBA's Delegate Assembly meeting at the Anaheim Marriott. Directors-at-Large serve two-year terms and take office immediately upon the close of the Association's Annual Education Conference and Trade Show.

**RECOMMENDATION:**

Authorize the Superintendent or designee to accept the California Community Schools Partnership Program (CCSPP) grant in the amount of \$9,737,500 which will be received through the 2028-29 school year.

**DISCUSSION:**

The CCSPP grant is based on four pillars: Integrated Student Supports; Family and Community Engagement; Enriched and Expanded Learning; and Collaborative Leadership and Practice. In awarding Clovis Unified this grant, the state recognized that, by design, Clovis Unified schools are community schools, and Clovis Unified's mission and vision align with the four pillars of CCSPP. These funds are anchored by seven schools (Gateway High School and Fancher Creek, Miramonte, Pinedale, Sierra Vista, Tarpey, and Weldon elementary schools) and will serve to approve contracts associated with the CCSPP grant including, but not limited to Educational Research Consultants and the potential expansion of contracts such as Comprehensive Youth Services.

**RECOMMENDATION:**

Authorize the Superintendent or designee to enter into an agreement with Educational Resource Consultants (ERC) for the purpose of grant writing and research, as submitted.

**DISCUSSION:**

Aim 1 of Clovis Unified’s Strategic Plan is to “Maximize Achievement for ALL Students,” with a goal to provide a high-quality educational system focusing on mind, body and spirit utilizing active learning, high academic rigor and systematic intervention to ensure college and career readiness. One way Clovis Unified accomplishes this goal is by leveraging opportunities to participate in research-based best practices. Funding to participate in action research is often offered through local, state, and federal grant programs. For example, Clovis Unified has received many grants over the past seven years that support areas such as mathematics instruction, teacher preparation programs, counseling best practices, and Career Technical Education programs.

Grant opportunities arise throughout the year and often have a short timeline for development and application. The approval of an annual agreement with ERC for the purpose of grant writing and research on behalf of Clovis Unified will improve the efficiency of planning and communication for both the Curriculum, Instruction and Accountability and Business Services departments.

**FISCAL IMPACT/FUNDING SOURCE:**

Funding is provided entirely through the Curriculum, Instruction and Accountability budget, not to exceed \$50,000 for the 2024-25 school year.

Adopt Resolution No. 4012 determining and finding that it is in the District’s best interest to enter into the PACT/Energy Services Agreement with Electric Motor Shop; authorizing and approving the PACT/Energy Services Agreement; and authorizing the execution and delivery of other documents and actions required in connection therewith.

**DISCUSSION:**

Pursuant to Government Code sections 4217.10 to 4217.18, a public agency may enter into an energy service contract to implement energy-related improvements if the public agency’s governing body determines and finds that: (1) it is in the best interests of the public agency to enter into such an energy service contract, and (2) the anticipated costs to the public agency for thermal or electrical energy or conservation services provided by the energy conservation facility under the energy services contract will be less than the anticipated marginal cost of thermal, electrical, or other energy that would have been consumed in the absence of those purchases.

To reduce the District’s energy costs and conserve energy, the District is undertaking work and proposes to retain Electric Motor Shop to construct/install certain energy efficiency retrofits consisting of the installation of upgraded lighting.

The Governing Board’s adoption of the aforementioned resolution is evidence of its determination and finding that it is in the District’s best interest to enter into the PACT/Energy Services Agreement; authorizes and approves the PACT/Energy Services Agreement; and authorizes the execution and delivery of other documents and actions required in connection with the PACT/Energy Services Agreement.

An analysis of the energy cost savings is attached.

**WHEREAS**, the Clovis Unified School District (District), duly organized and existing under the laws of the State of California, is authorized by California Government Code sections 4217.10 to 4217.18 to enter into energy service contracts to implement energy related improvements if the Governing Board determines and finds that: (1) it is in the best interests of the District to enter into such an energy service contract; and (2) the anticipated costs for thermal or electrical energy or conservation services provided by the energy conservation facility under the energy services contract will be less than the anticipated marginal cost of thermal, electrical, or other energy that would have been consumed in the absence of those purchases; and

**WHEREAS**, in order to acquire and install certain energy related improvements to the District's facilities, the Governing Board desires to enter into a PACT/Energy Services Agreement with Electric Motor Shop (Contractor), whereby Contractor shall construct/install certain energy efficiency retrofits consisting of the installation of upgrade lighting (Project).

**THEREFORE, BE IT RESOLVED** the Governing Board finds that it is in the best interests of the District to enter into the PACT/Energy Services Agreement for the implementation of certain energy related improvements to the District's facilities, as described in the PACT/Energy Services Agreement.

**BE IT ALSO RESOLVED** the Governing Board further finds that the anticipated cost to the District for thermal or electrical or conservation services provided by the energy conservation facility under the energy services agreement will be less than the anticipated marginal cost of thermal, electrical, or other energy that would have been consumed in the absence of those purchases.

**BE IT ALSO RESOLVED** the Governing Board hereby approves and authorizes the execution of the Energy Services Agreement. The Superintendent or designee is hereby authorized and directed to execute and deliver the PACT/Energy Services Agreement and related exhibits attached thereto.

**BE IT ALSO RESOLVED** the Governing Board authorizes the Superintendent or designee to take all actions necessary or reasonably required to carry out, give effect to, and consummate the transactions contemplated by the PACT/Energy Services Agreement and to take all actions necessary in conformity therewith. If any section, paragraph, clause or provision of this Resolution shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such section, paragraph, clause or provision shall not affect any of the remaining provisions of this Resolution.

**RECOMMENDATION:**

Authorize the Superintendent to approve an annual agreement with Food 4 Thought to provide fresh fruits and vegetables to all CUSD preschool families in the California State Preschool Program (CSPP).

**DISCUSSION:**

Food 4 Thought, LLC is an innovative company that partners with small, family-owned California farms to bring the highest quality fresh produce into schools. Through its "Farm to School" program, all preschool families (approximately 800 families) will receive a box of fresh fruits and vegetables four times during the 2024-25 school year. Each box will include an information sheet on selected fruits and/or vegetables with the history of the produce, the nutritional value and a few interesting facts.

Providing fresh fruits and vegetables meets the Family Engagement and Education requirements for our CSPP contract and supports students in learning the following California Preschool/Transitional Kindergarten Learning Foundations health domain area of learning and development for young children:

- Nutrition Foundation 1.5 - Identifying Foods  
Children need to be able to identify a large variety of foods and know some of the related food groups.
- Nutrition Foundation 1.7 - Understanding a Variety of Foods  
Demonstrate an understanding that eating a variety of food helps the body grow and feel good.

**FISCAL IMPACT/FUNDING SOURCE:**

Total cost will be \$67,200 funded by CSPP.

Authorize the Superintendent or designee to enter into an annual agreement with Quality Behavioral Solutions (QBS), LLC to train staff to manage challenging behavior safely and respectfully for students with special needs.

**DISCUSSION:**

QBS trains organizations that support individuals who may exhibit behavioral challenges. Through its Safety-Care Crisis Prevention Training, QBS provides evidence-based incident prevention and management training to help staff provide humane, person-centered interventions that replace challenging behavior with safer and more collaborative behavior.

**FISCAL IMPACT/FUNDING SOURCE:**

The total cost for the 2024-25 school year is \$46,100 and is included in the Special Education Budget.

**RECOMMENDATION:**

Approve the annual contract with The Positivity Project for the 2024-25 school year, as submitted.

**DISCUSSION:**

The Positivity Project is a Pre-K through 12th grade partnership and character education program that equips schools with digital resources, training, and strategies to teach positive psychology's 24 character strengths and empowers students to build positive relationships.

Partner schools have access to The Positivity Project's resources, training and strategies. This includes staff-wide access to 32 weeks of grade-level differentiated Tier 1 slide presentations for daily lessons, which include videos, activities, and follow-up questions to facilitate classroom discussions. Partner schools also have access to Tier 2 and 3 resources, P2 for Families, P2 for Educators, and project-based learning activities. Clovis Unified currently has 44 Positivity Project partner schools for the 2024-25 school year.

Adopt Resolution No. 4001 authorizing the Superintendent or designee to certify compliance with Education Code Section 60119, Sufficient Textbooks and Instructional Materials.

**DISCUSSION:**

To be eligible to receive instructional materials funds, the governing board of a district is required to hold an annual public hearing and adopt a resolution stating whether each pupil in the district has sufficient textbooks and instructional materials. The public hearing will be held as a separate agenda item.

The Governing Board shall make a determination through a resolution to certify that each pupil in each school in the District has sufficient textbooks and instructional materials in math, science (including laboratory equipment for grades 9-12), history-social science, and English language arts, including English language development, that are aligned to the academic content standards, and consistent with content and cycles of the curriculum framework adopted by the State Board of Education. This resolution certifies compliance with Education Code Section 60119.

The Williams Act Textbook Inventory Report will be provided to the Governing Board before the October 9, 2024, Board meeting.

**WHEREAS**, the Governing Board of Clovis Unified School District, in order to comply with the requirements of Education Code section 60119 will hold a public hearing on October 9, 2024, no earlier than 6:45 p.m. at 1680 David E. Cook Way, Clovis, which is on or before the eighth week of school and which did not take place during or immediately following school hours; and

**WHEREAS**, the Governing Board provided at least 10 days' notice of the public hearing posted in at least three public places within the District that stated the time, place, and purpose of the hearing; and

**WHEREAS**, the Governing Board encouraged participation by parents, teachers, and members of the community in the public hearing; and

**WHEREAS**, information provided at the public hearing and to the Governing Board at the public meeting detailed the extent to which textbooks and instructional materials were provided to all students, including English learners, in the District; and

**WHEREAS**, the definition of "sufficient textbooks or instructional materials" indicates that each pupil has a textbook or instructional materials, or both, to use in class and to take home; and

**WHEREAS**, sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks; and

**WHEREAS**, sufficient textbooks or instructional material were provided to each pupil enrolled in foreign language or health classes; and

**WHEREAS**, laboratory science equipment was available for science laboratory classes offered in grades 9-12, inclusive.

**THEREFORE, BE IT RESOLVED** that for the 2024-25 school year, the Clovis Unified School District has provided each pupil with sufficient textbooks and instructional materials aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks.

**Title:** Resolution No. 4010 - Annual Participation in "Lights on Afterschool" 2024-25

---

**CONTACT PERSON:** Marc Hammack

**FOR INFORMATION:** September 25, 2024      **FOR ACTION:** October 9, 2024

**RECOMMENDATION:**

Adopt Resolution No. 4010 authorizing Child Development's Expanded Learning Club (ELC) program to participate in the 25th Annual "Lights on Afterschool" celebration to be held nationwide on October 24, 2024.

**DISCUSSION:**

The Afterschool Alliance annually organizes the "Lights on Afterschool" event to draw attention to the many ways afterschool programs support students by offering them opportunities to develop new skills in Science, Technology, Engineering, and Math (STEM), community service, robotics, and art. "Lights on Afterschool" was first launched in October 2000, with 1,200 communities celebrating the event. Today, there are more than 8,000 communities celebrating nationwide.

Annually, ELC joins the "Lights on Afterschool" event by having students participate in various afterschool enrichment activities. Invitations will be sent out to parents, community members, school and District personnel, and Governing Board members to join the celebration.

**RECOMMENDATION:**

Adopt Resolution No. 4011 regarding the annual Career Technical Education (CTE) District Advisory Committee appointment and approval of membership.

**DISCUSSION:**

Education Code section 8070 requires the governing board of each school district participating in a CTE program to appoint a CTE Advisory Committee (Committee) that consists of one or more representatives of the general public knowledgeable about the disadvantaged, students, teachers, business, industry, school administration, and the field office of the Department of Employment Development.

Clovis Unified School District provides CTE programs for students. CUSD's Committee exists with representatives consistent with Education Code section 8070.

The proposed resolution is presented for the Board to confirm that the Committee has been established and appointed since May 18, 2016; approve the individuals listed on the resolution to the Committee for the 2024-25 school year; and direct and authorize the Superintendent or designee to select persons to replace any of the members who may resign or terminate their membership on the Committee.

**RECOMMENDATION:**

Adopt Resolution No. 4013 authorizing the Superintendent or designee to enter into an annual agreement with the California Department of Education for services to be provided to Clovis Unified School District preschool students effective July 1, 2025, through June 30, 2026.

**DISCUSSION:**

Since 1980, Clovis Unified has partnered with the California Department of Education to provide much-needed preschool opportunities to students. It is the intent of Clovis Unified to request continued funding for the 2025-26 fiscal year, by submitting the Continued Funding Application. Clovis Unified wishes to automatically renew its California State Preschool Program (CSPP) contract for 2025-26 and is willing to, and does accept, all the terms and conditions of such contract, which will be provided to all CSPP contractors being renewed for the funding no later than June 1, 2025.
