**RECOMMENDATION:**

Three Clovis Unified employees will be honored for having been recognized as representatives to the 2024 Fresno County Superintendent of Schools' (FCSS) Educator of the Year Awards program.

**DISCUSSION:**

FCSS annually honors the top educators in the Central Valley through its Educator of the Year Program. Each school district in Fresno County nominates a distinguished classified, certificated and administrative employee to represent their district in the program. Clovis Unified's nominees for the 2024 Educator of the Year Awards were:

- School Employee of the Year - Steve Soma, Plant Supervisor, Sierra Vista Elementary School
- Teacher of the Year - Ben Canzano, Adapted Physical Education Teacher, Special Education
- Administrator of the Year - Tachua Vue, Ed.D., Principal, Tarpey Elementary School

At the November 21, 2024, FCSS Educator of the Year Awards ceremony, all three of Clovis Unified's representatives were honored for being finalists. Dr. Vue and Mr. Canzano were winners in their respective categories.

Our 2024 Educator of the Year Award honorees will be present at this March 5, 2025, Board meeting to be recognized by members of the Board.

# Funding Sources

## Career Technical Education Incentive Grant (CTEIG)

The California Career Technical Education Incentive Grant (CTEIG) program is established as a state education, economic, and workforce development initiative with the goal of providing pupils in kindergarten through grade 12 an inclusive education, with the knowledge and skills necessary to transition to employment and postsecondary education. The purpose of this program is to encourage, maintain, and strengthen the delivery of high-quality CTE programs.

**The California Career Technical Education Incentive Grant (CTEIG) requires that all CTE programs achieve full compliance with the 12 minimum requirements:**

1. Student-centered delivery of service
2. Equity
3. Access
4. Leadership at all levels
5. High quality, integrated curriculum, and instruction
6. Skilled instruction and educational leadership, informed by professional learning
7. Career exploration and student supports
8. Appropriate use of data and continuous improvement
9. Cross system alignment
10. Recruitment and marketing (promotion, outreach, and communication)
11. Sustained investments and funding through mutual agreements
12. Strong partnerships with industry

## PERKINS V (Strengthening Career and Technical Education for the 21st Century Act)

This Federal act is established to improve CTE programs, integrate academic and career technical instruction, serve special populations, and meet gender equity needs. Perkins funds are applied for annually and are the most restrictive of CTE funding. The Clovis Unified School District has applied for and received funding over the past five years, to promote CTE programs, specifically: industry tours, conferences, substitutes, supplemental textbooks, and large ticket equipment purchases.

## Local Control and Accountability Plan (LCAP)

Every year, school districts in California are required to prepare a three-year public plan known as the Local Control and Accountability Plan (LCAP). The LCAP officially defines the District's goals and priorities. CTE is allotted funds from the District's LCAP.

# Vision: To be America's benchmark for excellence in education

## Goals

- 1 Increase student enrollment in CTE courses.
- 2 Increase CTE pathways, and/or course offerings.
- 3 Increase business and industry partnerships.
- 4 Increase the number of industry certifications available for students to earn in CTE pathways.
- 5 Increase the number of work-based learning offerings aligned with CTE courses.
- 6 Collaborate with local community colleges to increase dual enrollment opportunities so our CUSD students may earn college level credit while in high school.

## Expected Results for CTE Students

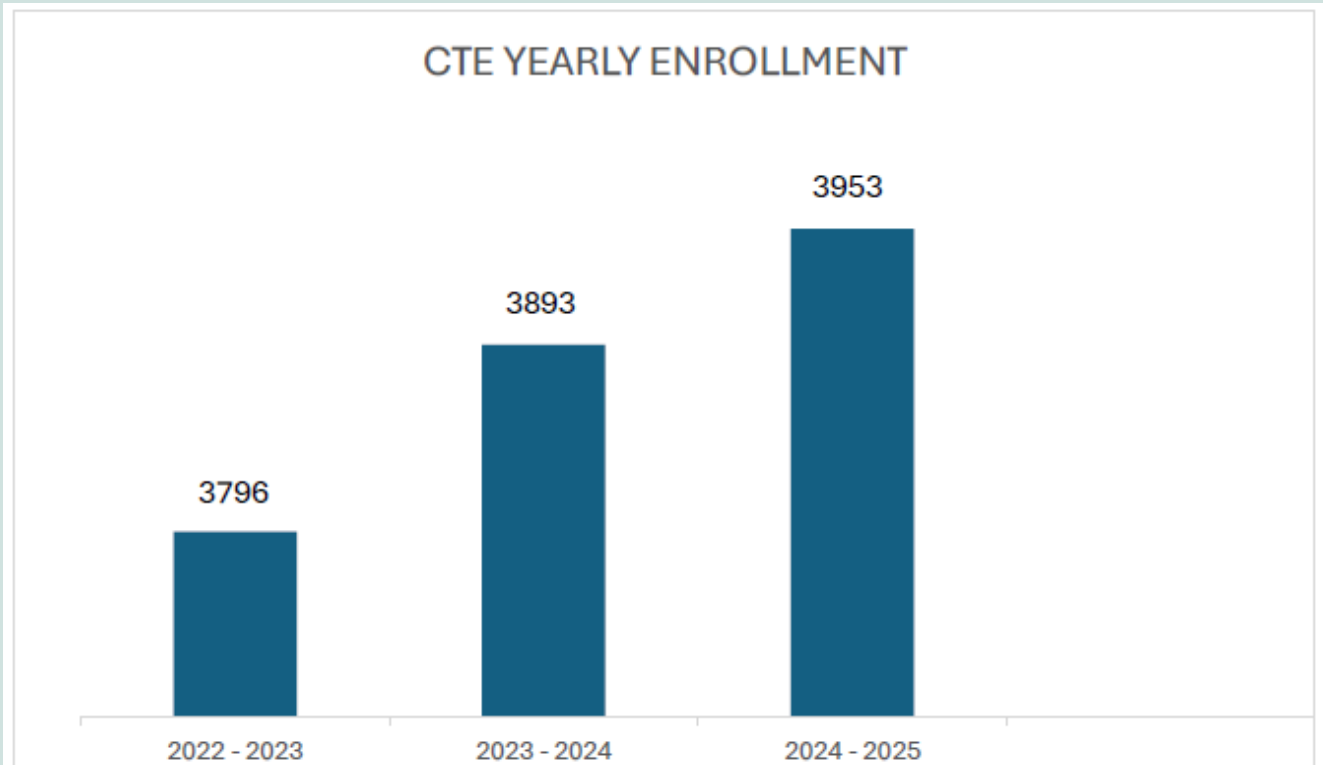

- Career Ready 
- Students create a career plan
  - Students prepare a portfolio
  - Students exhibit professionalism
- Technically Skilled 
- Students employ industry technology
  - Students master safety standards
  - Students complete competencies
  - Students earn industry certifications
- Educationally Prepared 
- CTE classes integrate multiple disciplines
  - Students have access to post-secondary opportunities
  - CTE students are productive citizens

# Goal 1

## Increase student enrollment in CTE courses.

CTE student ambassadors, site recruitment efforts, and the Annual CTE Night all contributed to a steady increase in enrollment.

## Goal 2

### Increase CTE pathways, and/or course offerings.

A cybersecurity class was added at Clovis North High School in the Software and Systems Development Pathway. This course is a draw for students who have an interest in taking computer programming to the highest level of internet security.

## Goal 3

### Increase business and industry partnerships.

Community partnerships are essential to help CTE students apply the skills they have learned in their classes in real-world, hands-on applications and to provide a skilled workforce for the local economy. Our teachers work to recruit skilled advisory members who help plan curriculum based on industry needs and provide workplace community classrooms for CUSD students.

## Goal 4

# Increase the number of industry certifications available for students to earn in CTE pathways.

We continue to work with industry partners to increase the number of industry recognized certifications. The list of industry certifications that students may earn are listed in the Pathway, Partnerships, Certifications, and CTE Student Organization section of each high school.

### A sample of certifications our students earn include:

- Paraprofessional certificate
- Adobe Photoshop
- OSHA 10 – hour General Industry
- Servsafe Food Handlers and Manager certification
- Hospitality Customer Service certification
- Forklift certification

\*A complete list of certifications can be found beginning on page 31.

## Goal 5

### **Increase the number of work-based learning offerings aligned with CTE courses.**

The work continues to increase the number of work-based learning opportunities our students have. We continue to take advantage of Pathful Explore, a platform that provides a combination of interactive tools, assessments, and real-world exploration videos to empower students so they can explore diverse career pathways. Our CTE pathway courses remain articulated with a variety of higher learning institutions.

## Goal 6

**Collaborate with local community colleges to increase dual enrollment opportunities so our CUSD students may earn college level credit while in high school.**

**33%**

33% of our CTE courses offer dual enrollment with local community colleges and universities.

# Industry Sectors

## **AGRICULTURE AND NATURAL RESOURCES**

**Clovis East High School**

Agriculture is California's most important economic industry. California is often called the breadbasket of the world. A strong demand exists for well-trained, environmentally sensitive individuals to provide the state, nation, and world with food, fiber, and a healthy environment. The Agriculture and Natural Resources sector emphasizes real-world, occupationally relevant experiences. Classroom and laboratory instruction, supervised agricultural experience, projects, leadership, and interpersonal skill development activities prepare students for advanced training, higher education, and career entry.

## **ARTS, MEDIA, AND ENTERTAINMENT**

**Buchanan High School, Clovis High School, Clovis West High School, CART**

The Arts, Media, and Entertainment sector offers a broad range of employment opportunities. The variety of careers in this sector can accommodate different personalities ranging from actors, actresses and professional gamers to multi-tasking managers. Work is often project-based, requiring time management skills with the ability to meet strict deadlines. Academic studies are needed to understand and keep up with changing technology used in this industry. A broad academic background and interpersonal skills are also valuable. Participating in the arts promotes teamwork, communication skills, critical thinking, and decision-making abilities.

## **BUSINESS AND FINANCE**

**Clovis West High School, CART, Gateway**

Businesses rely on financial and personnel managers to keep companies running smoothly. The pathways in the Business and Finance sector are key to successful business operations and offer a multitude of career opportunities. Students will discover that accounting skills are highly marketable and provide opportunities in many other career paths. Pathway instruction includes basic accounting principles and procedures, as well as computer applications, taxes, investments, and asset management. Someone with an understanding and an affinity for mathematics would thrive in the Finance and Business sector.

## **BUILDING AND CONSTRUCTION TRADES**

**Clovis High School**

The Building and Construction Trades sector provides opportunities to learn a variety of construction skills, directly associated with completing building projects. High school curriculum in this sector integrates academic and technical preparation leading to hands-on, work-based instruction. Project and work-based instruction offers opportunities in work experience, community classroom, or other internship types of instruction.

# Industry Sectors

## **EDUCATION, CHILD DEVELOPMENT, AND FAMILY SERVICES**

**Buchanan High School, Clovis East High School, Clovis High School, Clovis North High School, Clovis West High School**

With many employees predicted to retire from education, child development, and family services in the next decade, a wealth of career opportunities will be available. Opportunities are available to teach children from preschool to high school, or as a college professor. Jobs are available for all levels of education. Training combines classroom instruction with hands-on community work experience.

## **ENERGY, ENVIRONMENT, AND UTILITIES**

**Buchanan High School, CART**

Utilizing renewable energy and sustainable resources will impact our future for generations to come. Hydroelectric, geothermal, and nuclear power are part of the current resources. Doing more with less will likely be a focus of future research and development. Pollution created by energy and utility use poses a significant challenge for environmentalists and scientists now and in the future. Improving the recycling of waste materials from trash to sewage will offer many employment opportunities in the Energy and Utilities Industry sector.

## **HEALTH SCIENCE AND MEDICAL TECHNOLOGY**

**Buchanan High School, Clovis East High School, Clovis North High School, CART**

Health care is one of the fastest growing career sectors. The Health Science and Medical Technology sector requires academic and technical skills, as well as related knowledge necessary for the field. These careers range from entry level to management, including technical and professional specialties. Workers in this field need the knowledge and ability to contribute to the delivery of safe and effective health care. Nearly half of the careers in this area require professional level preparation. Students commonly need the academic background required for entry into postsecondary education.

## **HOSPITALITY, TOURISM, AND RECREATION**

**Buchanan High School**

The Hospitality, Tourism, and Recreation Industry sector encompasses many different yet interrelated careers. Students who follow this sector are eligible for positions throughout the world with great potential for advancement. Whether you have a passion for cooking, travel, sports, or nutrition, this career pathway will provide the education and experience necessary to become successful.

# Industry Sectors

## **INFORMATION AND COMMUNICATION TECHNOLOGIES**

**Clovis North High School, CART**

Information technology careers involve the design, development, support, and management of hardware, software, multimedia, and systems integration services. No other career sector offers as much diversity as information technology. You can take the skills learned in these pathways and apply them to any sector of our economy. With organizations continually integrating sophisticated technology into their companies, the employment opportunities for technology support specialists are expected to grow faster than the average for all other occupations.

## **MANUFACTURING AND PRODUCT DEVELOPMENT**

**Clovis North High School, CART**

The Manufacturing and Product Development sector provides a foundation in manufacturing processes and systems. Manufacturing is the use of tools and labor to make products to sell. Product development involves the creation of an idea and the subsequent design and process that results in a product for sale. As our world becomes more dependent on electronics, students with training and education in manufacturing and product development will continue to be in high demand.

## **PUBLIC SERVICES**

**Clovis East High School, CART**

The Public Services sector provides a foundation for students interested in being involved in their community and serving the public's interest. Careers range from public safety to community outreach, and everything in between. Because of heightened interest in homeland and border security, employment growth in this sector is projected at over 20% in the near future. Students engage in an instructional program that integrates academic and technical preparation and focuses on career awareness, exploration, and skill preparation. Community service, internships, and work experience go hand-in-hand with classroom instruction.

## **TRANSPORTATION**

**Clovis High School, Clovis West High School**

Transportation plays a crucial role in our society. Vehicle components and systems will continue to become increasingly sophisticated which, in turn, will require well-trained operators and maintenance and repair technicians. Examples of future transportation technology include rocket technology, super-capacity jet airplanes, hybrid, biodiesel, and hydrogen fuel-cell technology involving automobiles and trucks.

Vehicle service and repair is now a highly skilled profession that requires more problem-solving skills. In addition to cars and trucks, the motor vehicles category includes boats, motorcycles, trains, and outdoor power equipment. All require specific knowledge to be serviced, repaired, and maintained properly.

"The connection CTE creates for many of our students is both inspiring and infectious. When you enter a CTE classroom, it doesn't matter if you are the athlete on campus, a trumpet player in the band, a visual and performing arts student, or a student who is trying to identify themselves, what you are immediately drawn to is the engagement amongst a group of students with the same common interest of learning about their future."

## CUSD Board Agenda Item

Agenda Item: O 8

**Title:** Annual Concurrent Public Higher Education Program, Second Semester 2024-25

---

**CONTACT:** Marc Hammack

**FOR INFORMATION:** February 19, 2025

**FOR ACTION:** March 5, 2025

---

### **RECOMMENDATION:**

Approve the participation of students from Buchanan, Clovis, Clovis East, Clovis North, Clovis Online and Clovis West high schools in the Concurrent Public Education Program for the second semester of the 2024-25 school year, as submitted.

### **DISCUSSION:**

Section 4880 of the California Education Code allows school district governing boards to authorize students to attend public higher education classes if students would benefit from the advanced scholastic or vocational training offered by public community colleges. School districts receive full Average Daily Attendance (ADA) credit for students participating in the program if the student attends his/her regular high school for at least 240 minutes per day or receives  $\frac{3}{4}$  of a full ADA if the student participating in this program attends their regular high school for at least 180 minutes per day.

Students at Buchanan, Clovis, Clovis East, Clovis North, Clovis Online and Clovis West high schools have participated in this program for the past several years. For the District to claim this additional ADA, audit forms will be required to verify that all students participating in the Concurrent Public Higher Education Program summarized above are approved by the Governing Board.

The 2024-25 second semester concurrent enrollment at the District's five comprehensive high schools and Clovis Online School is as follows:

<b>School</b>	<b>Enrollment</b>
Buchanan High School	22
Clovis High School	23
Clovis East High School	7
Clovis North High School	48
Clovis Online School	6
Clovis West High School	9
Total Enrollment	115

### **FISCAL IMPACT:**

ADA revenue as described above.

**Title:** Sunshine and Schedule Public Hearing Regarding Reopeners of the Collective Bargaining Agreement Between California School Employees Association, Chapter 250 and Clovis Unified School District

---

**CONTACT:** Barry Jager

**FOR INFORMATION:**

**FOR ACTION:** March 5, 2025

---

**RECOMMENDATION:**

Sunshine and schedule a public hearing for March 19, 2025, no earlier than 6:45 p.m. at 1680 David E. Cook Way, Clovis, California, regarding the reopening of the collective bargaining agreement between California School Employees Association (CSEA), Chapter 250 and Clovis Unified School District (District).

**DISCUSSION:**

Consistent with the applicable provisions of the Educational Employment Relations Act (Government Code section 3540 et seq.), including Government Code 3547, CSEA, Chapter 250 sunshines that they will commence reopener negotiations with the District on an existing collective bargaining agreement. The negotiation will address the mandatory subjects of bargaining, including salary, benefits and working conditions.

## CUSD Board Agenda Item

Agenda Item: P 1

**Title:** California School Boards Association Delegate Assembly Election for Subregion 10-B

---

**CONTACT:** None

**FOR INFORMATION:** February 19, 2025

**FOR ACTION:** March 5, 2025

---

### **RECOMMENDATION:**

The Governing Board may vote for up to four (4) individuals to serve as California School Boards Association (CSBA) Delegate Assembly members for Subregion 10-B (Fresno County).

### **DISCUSSION:**

Attached is a copy of the official ballot for Subregion 10-B for the election of representatives to the CSBA Delegate Assembly.

This ballot contains the names of four individuals nominated by member boards of Subregion 10-B. Each Subregion 10-B board may:

- Vote for up to four (4) individuals to serve as Delegate Assembly members for Subregion 10-B;
- Submit one ballot;
- Cast only one vote for any one candidate; and
- Submit a write-in candidate name.

The official ballot must be postmarked on or before Monday, March 17, 2025. Election results will be published by Sunday, May 11, 2025. All re-elected and newly elected delegates will serve two-year terms beginning April 1, 2025, through March 31, 2027, and are eligible to attend the Delegate Assembly meeting in May 2025.

This item gives the Board an opportunity to elect members to the Delegate Assembly in addition to the current delegates. At this time, Clovis Unified Board President Yolanda Moore and Board Clerk Hugh Awtrey represent the District for Subregion 10-B in appointed positions. President Moore's term expires March 31, 2026, and Clerk Awtrey's current term expires March 31, 2025. Mr. Awtrey has already been appointed to another two-year term beginning April 1, 2025.

## CUSD Board Agenda Item

Agenda Item: P 2

**Title:** Expanded Learning Club Fees

---

**CONTACT:** Marc Hammack

**FOR INFORMATION:** February 19, 2025

**FOR ACTION:** March 5, 2025

---

**RECOMMENDATION:**

Authorize the Superintendent or designee to accept the recommended Expanded Learning Club fee structure.

**DISCUSSION:**

Clovis Unified's Expanded Learning Club (ELC) program is funded through the State's Expanded Learning Opportunities Program (ELO-P) fund to provide free access (fee waiver) to before- and after-school enrichment activities as well as learning opportunities for unduplicated pupils in Transitional Kindergarten (TK) through grade six at all elementary schools.

Students who do not qualify for the waiver are charged a fee based on the program and the rate of utilization. The revised fee structure establishes a daily, flat rate of \$12.00 for the TK/Kindergarten and after-school programs. The flat rate provides a cost savings to fee-paying families.

**FISCAL IMPACT:**

Decreased revenue and cost savings to families.

The revised fee structure is effective for the 2025-26 school year.

**ACE/CUSD BARGAINING  
TENTATIVE AGREEMENT**

The Association of Clovis Educators (“ACE”) and the Clovis Unified School District (“CUSD”), collectively the “Parties,” have reached the following agreements to complete reopener negotiations for the 2024-2025 school year.

1. Article 5: Staffing Ratios and Workload

The Parties agree to accept language changes in Article 5, including *Appendix H: AR 4000.5*, and *Appendix I: POSA Request and Plan* as proposed by the district on October 15, 2024. (Copies of agreed upon Article 5 language, Appendix H and, Appendix I are attached to this Tentative Agreement.)

2. Article 6: Job Duties and Working Conditions

The Parties previously reached tentative agreement on Article 6 on April 22, 2024. That Tentative Agreement is incorporated here and a copy is attached to this Tentative Agreement.

3. Article 7: Hours of Employment

The Parties agree that Article 7 remains status quo.

4. Article 8: Assignments

The Parties agree that Article 8 remains status quo.

5. Article 9: Salary

- a. The Parties agree that for the 2024-2025 school year, ACE will receive no increase to the base salary schedule;
- b. The Parties agree that effective June 1, 2025, the Summer School Salary Schedule Hourly Rate for School Psychologists will be adjusted as follows:
  - i. Hourly Rate Step 1 - \$46.88
  - ii. Hourly Rate Step 2 - \$51.62
- c. The Parties agree to accept the Article 9 language proposed by the District on October 15, 2024. (A copy of Article 9 language is attached to this Tentative Agreement.)

6. Miscellaneous

- a. The Parties agree that the ACE School Psychologist/Mental Health Support Providers bargaining unit will receive any increase in base salary schedule, stipends, or in Health Benefits provided to any other employee group for the 2024-2025 school year.

This Agreement and its attachments represent all agreed upon changes to the collective bargaining agreement between the Parties and resolves reopeners for the 2024-2025 school year.

The Parties agree that this Tentative Agreement is subject to approval by the ACE School Psychologist/Mental Health Support Provider bargaining unit and the District's Governing Board. Each bargaining team agrees to support approval of this Agreement.

**Title:** Option and License Agreement, and License Agreement with Fresno MSA Limited Partnership, dba Verizon Wireless

---

**CONTACT:** Michael Johnston

**FOR INFORMATION:** February 19, 2025

**FOR ACTION:** March 5, 2025

---

### **RECOMMENDATION:**

Approve the Option and License Agreement, and License Agreement with Fresno MSA Limited Partnership, dba Verizon Wireless, for the installation, operation and maintenance of a communications antenna and related equipment to be located on a designated space on the Clovis High School (CHS) campus.

### **DISCUSSION:**

Fresno MSA Limited Partnership is a telecommunications company and does business as Verizon Wireless. Fresno MSA Limited Partnership wishes to install, operate and maintain a communications antenna and related equipment at CHS on the light tower on the southeast side of Lamonica Stadium (visitor side).

The Option and License Agreement, and License Agreement (Agreement) consists of two parts:

1. The first part provides Fresno MSA Limited Partnership with an option to license the designated location on CHS for installation, maintenance and operation of an antenna and related equipment. The option is available to Fresno MSA Limited Partnership for 12 months and requires Fresno MSA Limited Partnership to make payment to the District for the right to the option. The 12-month option provides Fresno MSA Limited Partnership with the time and opportunity to obtain the required certificates, permits and approvals, and to conduct surveys, inspections, structural strength analysis, subsurface soil tests, and other pre-construction work necessary to install the antenna and related equipment.
2. If Fresno MSA Limited Partnership timely exercises the option to license the designated location at CHS, the second part of the Agreement provides for Fresno MSA Limited Partnership to install, maintain, and operate the antenna and related equipment and to make payment to the District in return for the right to do so. The initial term is five years and automatically extends for four additional five-year terms subject to termination by Fresno MSA Limited Partnership.

### **FISCAL IMPACT:**

Payment from Fresno MSA Limited Partnership for the option right in the amount of \$3,450 one time and, after exercise of the option, \$41,400 annually. At each extension of the agreement, the annual rent will increase by 15%.

**Title:** Resolution No. 4033 - Annual Self-Certifying Increased Federal Micro-Purchase Threshold

---

**CONTACT:** Michael Johnston

**FOR INFORMATION:** February 19, 2025

**FOR ACTION:** March 5, 2025

---

### **RECOMMENDATION:**

Approve Resolution No. 4033 regarding the annual Self-Certifying Increased Federal Micro-Purchase Threshold pursuant to 2 Code of Federal Regulations (CFR) section 200.320.

### **DISCUSSION:**

Procedures outlined in government-wide regulations at 2 CFR section 200.320(a)(1)(iii) provide that state agencies and program operators are responsible for determining and documenting an appropriate micro-purchase threshold based on internal controls, an evaluation of risk, and its documented procurement procedures. The regulations also provide that the micro-purchase threshold used must be authorized or not prohibited under state, local, or tribal laws or regulations. State agencies and program operators may establish a micro-purchase threshold that is higher than the federal threshold established in the Federal Acquisition Regulations (FAR).

Pursuant to 48 CFR section 2.101, an acquisition of supplies or services below the threshold of \$10,000 is, for the purpose of federal law, a “micro-purchase” which does not require formal procurement methods such as competitive bidding. The District is currently bound by the federal micro-purchase threshold of \$10,000 for applicable transactions funded by federal funds. Pursuant to 2 CFR section 200.320, non-federal entities, including local public school districts, may annually self-certify a micro-purchase threshold of up to \$50,000 if (1) the non-federal entity qualifies as a low-risk auditee, (2) the non-federal entity has an annual internal institutional risk assessment to identify, mitigate and manage financial risks, or (3) a higher threshold would be consistent with state law.

The District is requesting approval to self-certify increasing the federal micro-purchase threshold to \$50,000.

### **FISCAL IMPACT:**

Increasing the micro-purchase threshold will result in purchase and project lead time reduction and cost savings.

**RESOLUTION NO. 4033  
BEFORE THE GOVERNING BOARD  
OF THE CLOVIS UNIFIED SCHOOL DISTRICT  
FRESNO COUNTY, CALIFORNIA**

**SELF-CERTIFYING INCREASED FEDERAL  
MICRO-PURCHASE THRESHOLD**

**WHEREAS**, pursuant to 48 Code of Federal Regulations (CFR) section 2.101, an acquisition of supplies or services below the threshold of \$10,000 is, for the purpose of federal law, a “micro-purchase” which does not require formal procurement methods such as competitive bidding; and

**WHEREAS**, the Clovis Unified School District is currently bound by the federal micro-purchase threshold of \$10,000 for applicable transactions funded by federal funds; and

**WHEREAS**, pursuant to 2 CFR section 200.320, non-federal entities, including local public school districts, may annually self-certify a micro-purchase threshold of up to \$50,000 if (1) the non-federal entity qualifies as a low-risk auditee, (2) the non-federal entity has an annual internal institutional risk assessment to identify, mitigate, and manage financial risks, or (3) a higher threshold would be consistent with state law; and

**WHEREAS**, the District may permissibly self-certify a higher micro-purchase threshold under the third potential justification set forth above because it would be consistent with state law, since California has higher thresholds. Specifically, California Uniform Public Construction Cost Accounting Act (UPCCAA) allows for purchase orders to be issued for public projects as set forth in Public Contract Code section 22000, a copy of which is attached hereto as Exhibit A; and

**WHEREAS**, for contracts and purchases for other goods and services, California generally requires competitive bidding for contracts and purchases over \$114,800. This threshold is in accordance with Public Contract Code section 20111(a), as has been adjusted pursuant to statute by the California Department of Education, as documented in the letter attached hereto as Exhibit B; and

**WHEREAS**, in accordance with the above, the District is justified in self-certifying a micro-purchase threshold of \$50,000 for contracts, purchases and for public projects.

**THEREFORE, BE IT RESOLVED** by the Board as follows:

1. The above recitals are true and correct.

2. The Board hereby self-certifies a limit of \$50,000 for federally funded micro-purchases provided that such purchases comply with all applicable laws.
3. The Board hereby instructs District staff to retain this resolution, as well as its exhibits, for a period of three years, in accordance with 2 CFR § 200.334.

**EXHIBIT A**  
**California Public Contract Code section 22000**

**ARTICLE 1. Legislative Intent and Definitions [22000 - 22003]**

**22000.**

This chapter shall be known and may be cited as the “Uniform Public Construction Cost Accounting Act.”

**22001.**

The Legislature finds and declares that there is a statewide need to promote uniformity of the cost accounting standards and bidding procedures on construction work performed or contracted by public entities in the state. This chapter provides for the development of cost accounting standards and an alternative method for the bidding of public works projects by public entities.

**22001.5.**

On or before January 1, 2009, the Controller shall send a notice to all public agencies describing the provisions of this chapter and the benefits of using its provisions. This notice shall also be included in any notification issued by the Controller pursuant to Section 22020.

**22002.**

(a) “Public agency,” for purposes of this chapter, means a city, county, city and county, including chartered cities and chartered counties, any special district, and any other agency of the state for the local performance of governmental or proprietary functions within limited boundaries.

“Public agency” also includes a nonprofit transit corporation wholly owned by a public agency and formed to carry out the purposes of the public agency.

(b) “Representatives of the construction industry” for purposes of this chapter, means a general contractor, subcontractor, or labor representative with experience in the field of public works construction.

(c) “Public project” means any of the following:

(1) Construction, reconstruction, erection, alteration, renovation, improvement, demolition, installation, and repair work involving any publicly owned, leased, or operated facility.

(2) Painting or repainting of any publicly owned, leased, or operated facility.

(3) In the case of a publicly owned electric utility system, “public project” shall include only the construction, erection, improvement, or repair of dams, reservoirs, powerplants, and electrical transmission lines of 230,000 volts and higher.

(d) “Public project” does not include maintenance work. For purposes of this section, “maintenance work” includes all of the following:

(1) Routine, recurring, and usual work for the preservation or protection of any publicly owned or publicly operated facility for its intended purposes.

(2) Minor repainting.

(3) Resurfacing of streets and highways at less than one inch.

(4) Landscape maintenance, including mowing, watering, trimming, pruning, planting, replacement of plants, and servicing of irrigation and sprinkler systems.

(5) Work performed to keep, operate, and maintain publicly owned water, power, or waste disposal systems, including, but not limited to, dams, reservoirs, powerplants, and electrical transmission lines of 230,000 volts and higher.

(e) For purposes of this chapter, “facility” means any plant, building, structure, ground facility, utility system, subject to the limitation found in paragraph (3) of subdivision (c), real property, streets and highways, or other public work improvement.

**22003.**

A public agency which has, by resolution, elected to become subject to the uniform construction cost accounting procedures set forth in Article 2 (commencing with Section 22010), may utilize the bidding procedures set forth in Article 3 (commencing with Section 22030) when contracting for “maintenance work,” as defined in Section 22002, or when contracting for any other work which does not fall within the definition of “public project,” as defined in Section 22002.

TONY THURMOND  
STATE SUPERINTENDENT OF  
PUBLIC INSTRUCTION

December 6, 2024

Dear County and District Superintendents, County and District Chief Business Officials, and Charter School Administrators:

### Annual Adjustment to Bid Threshold for Contracts Awarded by School Districts

Public Contract Code (PCC) Section 20111(a) requires school district governing boards to competitively bid and award any contracts involving an expenditure of more than \$50,000, adjusted for inflation, to the lowest responsible bidder. Contracts subject to competitive bidding include:

1. Purchase of equipment, materials, or supplies to be furnished, sold, or leased to the school district.
2. Services that are not construction services.
3. Repairs, including maintenance as defined in PCC Section 20115, that are not public projects as defined in PCC Section 22002(c).

The State Superintendent of Public Instruction (State Superintendent) is required to annually adjust the \$50,000 amount specified in PCC Section 20111(a) to reflect the percentage change in the annual average value of the Implicit Price Deflator for State and Local Government Purchases of Goods and Services for the United States, as published by the United States Department of Commerce, Bureau of Economic Analyst (BEA) for the 12-month period ending in the prior fiscal year. The inflation adjustment is rounded to the nearest one hundred dollars (\$100).

Pursuant to the above calculation, and effective January 1, 2025, the State Superintendent has determined that the inflation adjusted bid threshold will increase from \$114,500 to \$114,800. Shown below are the inflation adjusted bid thresholds for the current and two prior years.

Calendar Year	Bid Threshold	Percentage Change in Implicit Price Deflator
2023	\$109,300	10.32%
2024	\$114,500	4.75%
2025	\$114,800	0.259%

Also note that public projects as defined in PCC Section 22002(c), such as construction or reconstruction of publicly owned facilities, have a lower bid threshold of \$15,000 that is not adjusted for inflation. For more information on bidding requirements for all projects, refer to PCC sections 20110 to 20118.4.

**Title:** Resolution No. 4036 - Resolution in Support of Applications for Eligibility Determination and Funding through Proposition 2 and Authorization to Sign Applications

---

**CONTACT:** Michael Johnston

**FOR INFORMATION:** February 19, 2025

**FOR ACTION:** March 5, 2025

---

### **RECOMMENDATION:**

Adopt Resolution No. 4036 authorizing Clovis Unified School District and its appointed representatives to file modernization and/or new construction applications for eligibility and funding under the School Facility Program with the Office of Public School Construction.

### **DISCUSSION:**

Based on current School Facility Program (SFP) guidelines, the Office of Public School Construction (OPSC) requires a Board resolution and a public hearing in support of the filing of applications for eligibility and funding of modernization and/or new construction applications. The attached Board resolution supports the filing of applications with SFP for the following projects:

1. Boris Elementary School
2. Bud Rank Elementary School
3. Cedarwood Elementary School
4. Century Elementary School
5. Clovis Elementary School
6. Cole Elementary School
7. Copper Hills Elementary School
8. Dry Creek Elementary School

Adopt a reopener sunshine proposal for the District's negotiations with California School Employees Association (CSEA), Chapter 250.

**DISCUSSION:**

Consistent with applicable provisions of the Educational Employment Relations Act (Government Code section 3540 et seq.), including Government Code section 3547, the District proposes to engage in fiscally responsible legally sound negotiations with CSEA, Chapter 250 on a reopener agreement. The District anticipates maintaining some provisions and making changes as appropriate. The sunshine proposal is attached.

At this time, the District will not be submitting articles to reopen with CSEA, Chapter 250.

**Title:** California School Boards Association Education Legal Alliance

---

**CONTACT:** Corrine Folmer

**FOR INFORMATION:** March 5, 2025

**FOR ACTION:** March 19, 2025

---

**RECOMMENDATION:**

Obtain membership in the California School Boards Association (CSBA) Education Legal Alliance through the remainder of the 2024-25 fiscal year.

**DISCUSSION:**

CSBA's Education Legal Alliance is a consortium of school districts, county offices of education and Regional Occupational Centers/Programs that have voluntarily joined together to pursue and defend a broad spectrum of statewide public education interests before state and federal courts, state agencies and the Legislature.

**FISCAL IMPACT:**

The ELA membership cost for the remainder of the 2024-25 fiscal year (4/1/2025 - 6/30/2025) is \$1,643. It is included in the 2024-25 Governing Board budget.

## CUSD Board Agenda Item

Agenda Item: Q 3

**Title:** Annual Approval of the Second Interim Financial Report with a Positive Certification

---

**CONTACT:** Michael Johnston

**FOR INFORMATION:** March 5, 2025

**FOR ACTION:** March 19, 2025

---

### **RECOMMENDATION:**

Approve the District's Second Interim Financial Report and adopt a Positive Certification indicating the District will be able to meet its financial obligations for the remainder of the 2024-25 school year as required by Assembly Bill 1200.

### **DISCUSSION:**

The District completes Quarterly Financial Reports for review by the Governing Board to reflect the District's updated financial status. The District has used this report to meet the requirements of Assembly Bill 1200, which requires the Board to review the financial condition of the District based on financial decisions made between November 1, 2024, and January 31, 2025. This requirement is referred to as the Second Interim Report.

After review of the report, the Governing Board must adopt one of the following certifications: Positive, Qualified or Negative. The Second Interim Report reflects Positive Certification that the District will be able to meet its financial obligations for the remainder of the 2024-25 school year and two subsequent years. The report indicates continued financial health of the District based on State criteria and standards as outlined in AB 1200.

A link to the Second Interim Financial Report will be provided to the Board members with their agenda materials for the March 19, 2025, Board meeting.

### **FISCAL IMPACT:**

Fiscal impact as presented in report.

**Title:** Educational Specifications – Secondary School Sites

---

**CONTACT:** Michael Johnston

**FOR INFORMATION:** March 5, 2025

**FOR ACTION:** March 19, 2025

---

**RECOMMENDATION:**

Approve the updated secondary school site educational specifications.

**DISCUSSION:**

The District’s educational specifications is a living document that is updated as necessary and provided to architects and construction managers prior to the design and development planning of a modernization or new construction project.

The secondary school site educational specifications have been updated and incorporated into the design of the Terry P. Bradley Educational Center. Board approval of the updated educational specifications is required to submit new school design plans to the California Department of Education and will be provided to the Board in advance of the March 19, 2025, Governing Board meeting.

**FISCAL IMPACT:**

No fiscal impact.

## Title: Pre-Construction Management Services for 2025 Facility Projects

---

**CONTACT:** Michael Johnston

**FOR INFORMATION:** March 5, 2025

**FOR ACTION:** March 19, 2025

---

### RECOMMENDATION:

Approve the pre-construction management service agreements to assign construction firms for 2025 facility projects, as submitted.

### DISCUSSION:

It is recommended that the District enter into agreements with firms to complete pre-construction services and ultimately construct the project through Construction Management Multiple Prime, as authorized in Board Policy No. 7140.

The first part of the process is a pre-construction agreement that specifies the scope of work up to the bidding process. Generally, this contract specifies that the firm will evaluate the project for constructability, work with the architect on design, conduct value engineering, provide a detailed schedule and cost estimate, and plan for the bidding process in coordination with the District's construction staff. A pre-construction fee of \$7,500 will be rolled into the construction management fee when a recommendation related to a construction agreement for the project is made to the Board.

Site	Contractor	Total Project Budget	Pre-Construction Fee
Transportation Building	Mark Wilson Construction	\$25,000,000	\$7,500
Nelson Elementary School	Durham Construction	\$16,150,000	\$7,500

### FISCAL IMPACT:

Funding will be provided by a future Certificate of Participation (COP) supported with AB181 transportation funds and 2024 Bond funds.
