PROGRAM SELF-EVALUATION (PSE) PROCESS

The California Department of Education (CDE) under Title 5, requires CSPP contractors to complete a Program Self-Evaluation (PSE) annually. The PSE consists of four components:

- Desired Results Developmental Profile (DRDP)

- Desired Results Parent Survey

- Classroom Assessment Scoring System (CLASS)

- Program Review Instrument

As part of the continuous improvement cycle, contractors are required to analyze findings from the self-evaluation and develop both a written list of tasks to modify the program and create procedures for ongoing monitoring to ensure areas that are satisfactory continue to meet standards. Contractors are required to submit the PSE to CDE by June 1st of every year. The PSE is shared with all stakeholders including parents and families, site staff, Child Development administration, and the CUSD Governing Board.

Maple Creek Preschool 2019

DESIRED RESULTS DEVELOPMENTAL PROFILE

The DRDP is an individual assessment that preschool teachers complete twice a year to measure student progress on a continuum from preschool to kindergarten entry. These results are summarized and shared with parents. Preschool teachers use the formative data to plan for instruction—just as K-12 teachers do when they assess children. Preschool teachers analyze the data, plan for individual and group instruction and continually monitor progress. Teachers complete a Summary of Findings with possible areas for improvement. District-wide program data is analyzed for trends. This data drives the program’s continuous improvement cycle. The summary is used to create the action plans for the Program Self-Evaluation.

DESIRED RESULTS PARENT SURVEY

Desired Results Parent Surveys are distributed each spring in an online survey format. Families are asked 37 questions regarding how the program helps parents support their child’s learning and development and meets the family’s needs. Survey results are analyzed by individual classroom staff and program administrators. The survey data is included in the PSE.

CLASSROOM ASSESSMENT SCORING SYSTEM (CLASS)

CLASS is an observation instrument developed to describe and measure educator-child interactions. The CLASS tool measures three broad domains: emotional support, classroom organization and instructional support. In addition to interactions, the tool measures children’s engagement in content such as literacy, math, and social and emotional learning.

EMOTIONAL SUPPORT	CLASSROOM ORGANIZATION	INSTRUCTIONAL SUPPORT
Positive Climate Negative Climate Educator Sensitivity Regard for Child Perspective	Behavior Management Productivity Instructional Learning Formats	Concept Development Quality of Feedback Language Modeling

PROGRAM REVIEW INSTRUMENT

The Program Review Instrument consists of five overall areas and 24 specific requirements. The areas include:

- Family Files
- Family Engagement and Strengthening
- Program Quality
- Administrative
- Fiscal/Audit

Contractors are required to identify any areas that may be out of compliance and create a corrective action plan for each item.

Program Overview

Introduction

Clovis Unified School District (CUSD) utilizes the Expanded Learning Opportunities Program (ELOP) fund to establish the Expanded Learning Club (ELC) program which provides quality academic support and enrichment opportunities outside of the school day for students at all 35 elementary schools in the District. Additionally, Title I schools receive a sitewide fee waiver, allowing all enrolled students at those schools to participate in ELC free of charge.

Vision

ELC strives to be America's benchmark for excellence in providing expanded learning programs for students in elementary school.

Mission

Our mission is to provide a safe and supportive expanded learning environment that fosters educational and enrichment opportunities for students and staff.

Expanded Learning Club

ELC offers several program options for students during the school year and intersession. Parents may enroll their student(s) in multiple ELC programs based on their needs.

- **ELC Before School:** This program is available at most schools and starts at 7:00am until the first bell.
- **ELC Transitional Kindergarten/Kindergarten (TK/K):** This program is available at all schools and wraps around the 3.5 hour TK/K class.
- **ELC After School:** This program is available at all schools and starts right after the dismissal bell until 5:30pm.
- **ELC Full Day:** This program is available during fall, winter, spring, and summer break at selected sites. Full day program starts at 7:30am until 5:30pm.

Application Process

Participation in ELC is offered to all Clovis Unified students in grades transitional kindergarten through sixth. During the month of March, parent information meetings are held at all schools to ensure parents in each school community are aware of ELC programs offered and how to apply for their student(s). Parents must re-apply annually when the application for the following year opens in late April.

Program Overview

The ELC program accepted a total of 4,348 student applications for the 2024-25 school year, reflecting robust participation across all 35 elementary sites. The program continues to serve a diverse student population, with approximately 52% coming from socioeconomically disadvantaged backgrounds, 10% receiving special education services, 4% identified as English Learners, and 1% classified as foster or homeless youth.

Participation By Grade Level

Participation in ELC programs was strong across all grade levels, with the majority of students, 65% enrolled in primary grades (TK–3), and the remaining 35% participating from upper grades (4–6).

Participation By Program

From July 1, 2024 through June 30, 2025, a total of 9,743 students have participated in one or more ELC programs with more than half of them accessing programs at no cost.

Upcoming Priorities

Programs

- With the growth in transitional kindergarten enrollment, three additional TK/K ELC programs will be added at the following sites: Hirayama, Jefferson and Maple Creek.
- The ELC leadership team will continue to partner with site leaders and teachers to provide academic intervention and establish a system for Attendance Recovery at the elementary sites.
- To address the increasing demand for the program, the ELC leadership team will continue collaborating with site leadership teams to address the need for additional facilities.
- In addition to eliminating RevTrak fees, the newly approved lower ELC fees will take effect next school year, providing significant savings for families who pay fees.
- Another priority is continued collaboration with the Technology Department to ensure a seamless and reliable digital ELC application experience for our families.

Staffing

- Building staff capacity and skills continue to be priorities. In conjunction with sending the Instructor Leads to professional conferences, all staff will participate in additional health and safety sessions. Furthermore, targeted trainings will be provided for staff in the TK/K programs to support their work with younger students.
- The increase in full-time Instructor Lead positions from 14 to 21 will continue to strengthen overall program quality.
- The addition of a Program Supervisor will help reduce caseloads and site assignments for the team, leading to improved support and enhanced communication with both staff and parents.

Title: Voluntary Community Recreation Programs

CONTACT: Marc Hammack**FOR INFORMATION:****FOR ACTION:** July 16, 2025

RECOMMENDATION:

Approve the Voluntary Community Recreation Programs, as submitted.

DISCUSSION:

The Clovis Community Sports and Recreation Department provides and operates noneducational, athletic and recreation programs and activities for the access and enjoyment of Clovis and surrounding communities. Such noneducational, recreational programs and activities are not part of the District's curricular, extracurricular, or co-curricular educational programs, and are entirely separate and distinct from the District's educational program. The Department's recreational offerings are available to all age-appropriate participants in Clovis, Fresno and surrounding communities, whether or not such participants are enrolled in the District's educational program, and students enrolled in the District's educational program are never required to participate in the Department's noneducational, recreational programs or activities.

The proposed costs listed below are to attend the camp/clinic and may not include additional items such as spirit packs, shirts, jerseys, etc. The additional items will be provided at cost with no profit for the program. All additional items will be specifically identified in the flyers to the community.

Title: Annual Agreement with Food 4 Thought

CONTACT: Marc Hammack**FOR INFORMATION:** June 11, 2025**FOR ACTION:** July 16, 2025

RECOMMENDATION:

Authorize the Superintendent or designee to approve an agreement with Food 4 Thought to provide fresh fruits and vegetables to all CUSD preschool families in the California State Preschool Program (CSPP).

DISCUSSION:

Food 4 Thought, LLC is an innovative company that partners with small, family-owned California farms to bring the highest-quality fresh produce into schools. Through its "Farm to School" program all CUSD preschool families (approximately 775 families) will receive a box of fresh fruits and vegetables two times during the 2025-26 school year. Each box will include an information sheet on selected fruits and/or vegetables with the history of the produce, the nutritional value, and a few interesting facts.

Providing fresh fruits and vegetables meets the Family Engagement and Education requirements for our CSPP contract and supports students in learning the following California Preschool/Transitional Kindergarten Learning Foundations health domain area of learning and development for young children:

- Nutrition Foundation 1.5 – Identifying Foods: Children need to be able to identify a large variety of foods and know some of the related food groups.
- Nutrition Foundation 1.7 – Understanding a Variety of Foods: Demonstrate an understanding that eating a variety of food helps the body grow and feel good.

FISCAL IMPACT:

Total cost will be \$55,000 funded by CSPP.

DISCLOSURE OF COLLECTIVE BARGAINING AGREEMENT

SOURCE OF FUNDING

1) Identify the source(s) of funding for the CURRENT year.

The costs associated with the salary schedule increase, the employer contribution toward health and welfare benefits, and the implementation of the classification study for non-represented employees will be funded through a combination of increased LCFF revenues and the existing fund balance. The additional LCFF revenue is driven by the cost-of-living adjustment (COLA), as well as increases in district enrollment and, ultimately, Average Daily Attendance (ADA).

2) If this is a single year agreement, how will the ongoing cost of the proposed agreement be funded in the next TWO SUBSEQUENT years? (i.e., What will allow the district to afford this contract?)

The District will continue to strategically reduce its unrestricted reserve, while ensuring it does not fall below the Board-approved minimum reserve level of 10%. Additionally, LCFF revenue is projected to increase in future years, driven by anticipated cost-of-living adjustments (COLA) and continued growth in enrollment and Average Daily Attendance (ADA).

3) If this is a multiyear agreement, what is the source of funding, including assumptions used, to fund these obligations in subsequent years? (Remember to include compounding effect in meeting obligations.)

NA

4) What contingency language is included in the proposed agreement? Include specific areas identified. (i.e., reopeners, applicable fiscal years, and specific contingency language)

NA

5) Will this agreement create, increase, or decrease deficit financing in the current or two subsequent year(s)? Deficit Financing is defined to exist when a fund's expenditures and other financing uses exceed its revenues and other financing sources in a given year. If yes, explain the amounts and justification for doing so.

It will increase deficit spending in the current year, then the deficit will start decreasing in each subsequent years. For 2025-26 the projected operating deficit after the agreement would be \$29,299,602 with a reserve of 15.55%; 2026-27 the projected operating deficit would be \$24,820,902 with a reserve of 13.68%; 2027-28 the projected operating deficit would be \$15,638,199 with a reserve of 12.45%. All of the projected reserves are inclusive of the Board approved 10% minimum reserve for economic uncertainties.

6) Identify other major provisions that do not directly affect the district's costs, such as binding arbitrations, grievances procedures, etc.

Na

DISCLOSURE OF COLLECTIVE BARGAINING AGREEMENT

Title: Annual Approval of Salary Schedules and Amendment to Board Policy No. 4252

CONTACT: Barry Jager

FOR INFORMATION: June 11, 2025

FOR ACTION: July 16, 2025

RECOMMENDATION:

Approve the District's 2025-26 salary schedules (with the exception of those not yet settled with ACE Psychologists and Mental Health Support Providers, ACE Naturalists and ACE American Sign Language Interpreters), as submitted, and amend Board Policy No. 4252 to reflect updated stipend amounts.

DISCUSSION:

Each year, the Board must take action to approve the District's salary schedules to meet requirements of the California Public Employee Retirement System (PERS) and the State Teachers Retirement System (STRS). The Employee Compensation Committee (ECC) recommended a 3.5% increase to the District's salary schedules. The Governing Board is asked to approve the 2025-26 salary schedules with the 3.5% increase. Salary schedules are available to review at: <https://www.cusd.com/salaries>.

The new salary schedule must also be reflected in the stipend amounts identified in Board Policy No. 4252 - Classified Special Compensation. Although Board Policy changes generally require two readings, Board Bylaw No. 9310 includes an exception when amendments are due to employee negotiations.

FISCAL IMPACT:

Salary schedules reflect a previously approved salary increase.

PURPOSE: To establish rules governing payment of special compensation for non-represented classified and non-represented classified management employees whom are members of CalPERS.

All positions have been classified through a process of analysis of the specific duties performed. This process results in a written position description which lists the duties required for each class of work. It also makes possible the assignment of a position title for the job and furnishes a basis for comparing the position with other jobs in the District. If the duties of the position change significantly, the job may be re-examined to determine whether it should be given another title or a different placement in the salary structure.

All employees shall be classified immediately upon employment; conditioned upon the employee performing work satisfactorily.

A. Longevity

Commencing with the 15th year of service, a longevity increment for years of service with the District shall be awarded for 15-19 years, 20-24 years, and 25+ years of experience in accordance with Board Policy 4251.10.

Title: Provisional Internship Permit

CONTACT: Barry Jager**FOR INFORMATION:****FOR ACTION:** July 16, 2025

RECOMMENDATION:

Approve the Provisional Internship Permit (PIP) for the recommended teaching candidates, as submitted.

DISCUSSION:

The PIP is available when the employing agency knows that there will be a teacher vacancy yet is unable to recruit a suitable candidate. The expectations of the employer and the employee are higher since this individual will be the teacher of record and should be on a credential track. The focus of the document is meeting subject matter competency. Once a candidate completes subject matter competency, the candidate can be employed on a document such as a District Internship Credential. Candidate requirements include the following: (1) Bachelor's degree or higher; (2) passage of the California Basic Educational Skills Test (CBEST); and (3) specific course work or experience, explained in detail on the PIP information leaflet.

As required by the California Commission on Teacher Credentialing (CCTC), employing agencies offering employment to a candidate on a PIP are required to: (1) conduct a diligent search for a suitable credentialed teacher or qualified internship teacher; (2) provide the PIP holder with orientation, guidance, and assistance as specified in Title 5 Section 80026.5 of the California Code of Regulations; (3) assist the PIP holder in developing a personalized plan (kept on file at the local level) through an agency-defined assessment leading to completion of subject matter competence; and (4) counsel the PIP holder to enroll in subject matter training. Clovis Unified School District administration hereby declares that a diligent search was conducted for suitable credentialed teachers or qualified internship teachers. Upon Board approval, District administration asserts that steps 2-4, as outlined above, will be completed.

School districts submitting PIP requests must include verification that a notice of intent to employ the applicant(s) in the identified positions was made public. The public notice must include the following information: (1) the name of the applicant(s); (2) the assignment in which the applicant(s) will be employed including subject(s), grade level(s), and school site; and (3) a statement that the applicant(s) will be employed on the basis of a PIP. Clovis Unified intends to submit a PIP request for the following teacher candidates, contingent upon administration and Board approval:

Name of Applicant	Assignment	Grade Level	School Site	Employment Status
Jordan Brink	PE Teacher	9-12	Clovis West High School	PIP (Physical Education)
Brandon Wafer	Elementary Teacher	5	Nelson Elementary School	PIP (Multiple Subjects)

A PIP shall be issued for one year and may not be renewed.

Lastly, public school districts must include a copy of the agenda item presented to the governing board of

Title: Resolution No. 4062 – Annual Authorization of Inter-Fund Loans for Cash Flow Purposes

FOR INFORMATION: July 16, 2025

FOR ACTION: August 6, 2025

RECOMMENDATION:

Adopt Resolution No. 4062 authorizing inter-fund loans for cash flow purposes, as submitted.

DISCUSSION:

California Education Code section 42603 authorizes school districts to make inter-fund loans between funds. It is in the best interest of the District to allow such loans in order to facilitate the investing of money and to avoid having to borrow money from outside financial institutions when one of the funds may have a cash shortage. This inter-fund loan process is utilized only as authorized by the California Education Code, which requires that the loan be repaid in the same year, or subsequent year, if borrowing takes place within 120 days of the fiscal year-end. The Education Code also does not allow more than 75% of the money held in any fund during the current fiscal year to be transferred. District Administration recommends the Board approve a resolution authorizing these inter-fund loans during the fiscal year of 2025-26, as needed.

Title: Construction Costs for Outdoor Bleachers and Press Box at the Terry P. Bradley Educational Center

CONTACT: Michael Johnston

FOR INFORMATION: July 16, 2025

FOR ACTION: August 6, 2025

RECOMMENDATION:

Approve construction costs for outdoor bleachers and a press box at the Terry P. Bradley Educational Center and related provisions of the lease-leaseback agreement and authorize the Superintendent or designee to execute the schedule of sublease payments for this scope of work.

DISCUSSION:

At the October 6, 2021, Clovis Unified Governing Board meeting, the Board approved Harris Construction to be the District's lease-leaseback contractor for the new 7-12 educational center and instructed the District to prepare the lease-leaseback agreement, site lease agreement and sublease agreements. Harris was also authorized to begin performing designated pre-construction services for the new educational center.

Following the October 6, 2021, Board meeting, Harris Construction worked with the District and the project architect to perform pre-construction services including site evaluation, constructability review, design meetings, scheduling, cost estimates and construction planning.

On July 15, 2025, Harris Construction received bids from subcontractors to construct bleachers and the press box at the Terry P. Bradley Educational Center. The District participated in the bid process and pre-qualification of all the subcontractors to ensure that the best value is received. Following the bid opening, a two-week review by Harris Construction was conducted to evaluate best value in accordance with Education Code section 17406. A final review by Harris Construction and the District will be conducted before the August 6th Board meeting. The sum of the subcontractors' bids is considered the "Total Sublease Amount" under the terms of the District lease-leaseback agreement with Harris Construction and will be provided in the schedule of sublease payments to be presented to the Governing Board for action on August 6, 2025.

FISCAL IMPACT:

Funded by the 2020 and 2024 bond measures.
