RECOMMENDATION:

Approve the Family Resource Center Coordinator job description as submitted and recommended by the classification study approved appeal.

DISCUSSION:

The Family Resource Center (FRC) currently serves approximately 5,000 families across the District providing Special Education parenting trainings, systems navigation support and parent advocacy. The FRC serves the entire District, specifically Clovis Unified families who have children with special needs, ages birth-22. The FRC is housed with the District's Early Start program, CITI Kids, supporting families throughout the transition from Part C to B services. Clovis Unified's FRC is one of 47 Family Resource Centers located throughout California, as part of the Family Resource Center Network of California (FRCNCA) and is a grant collaboration with Clovis Unified, Fresno County Superintendent of Schools, and other school districts within the SELPA region.

The FRC Coordinator is responsible for recording and reporting all FRC activities to the California Department of Developmental Services (DDS), along with working with the Special Education Department Financial Analyst to submit mandatory invoices on all FRC expenditures. Title: Resolution No. 4066 – Annual Recalculated 2024-25 Gann Limit Appropriation and Estimated 2025-26 Gann Limit Appropriation

CONTACT: Michael Johnston

FOR INFORMATION: August 27, 2025

FOR ACTION: September 10, 2025

RECOMMENDATION:

Adopt Resolution No. 4066 to recalculate the 2024-25 Gann Limit Appropriation and estimate the 2025-26 Gann Limit Appropriation.

DISCUSSION:

The Gann Limit, named for Paul Gann, the author of Proposition 4 which amended the State Constitution to establish this limit, is intended to constrain the growth in State and local government spending by linking year-to-year changes in expenditures to changes in inflation (represented by per capita personal income) and population (represented by average daily attendance (ADA) for schools). Established in 1979 following the enactment of Proposition 13 and subsequently amended by Proposition 111, the Gann Limit has become a largely pro forma calculation that no longer constrains governmental expenditures. This is because the limit has grown significantly faster than appropriations subject to the limit.

Education Code Section 42132 requires that on or before September 15 of each year, the governing board adopt a resolution to identify the estimated appropriations limit for the current fiscal year and the actual appropriations limit for the preceding fiscal year.

Clovis Unified is required to perform Gann Limit calculations by the State Constitution, but it is also important for the District to complete these calculations to identify how much State aid counts toward its Gann Limit and, ultimately, the State's own Gann Limit.

The attached worksheet reflects the recalculated 2024-25 Gann Limit Appropriation for the District which is \$398,072,837.90 and the estimated Gann Limit Appropriation for 2025-26 which is \$424,683,258.74.

The analysis is attached to Resolution No. 4069. In addition to the consideration of Resolution No. 4069 and pursuant to Government Code section 4217.12, the Board is holding a public hearing at this September 10, 2025, Board meeting regarding the required findings.

Title: Post-Bond Issuance Regarding the Bond Sale

CONTACT: Michael Johnston**FOR INFORMATION:** September 10, 2025**FOR ACTION:**

RECOMMENDATION:

Receive bond cost information as required by State law. This item is for information only. No action is required.

DISCUSSION:

Pursuant to Resolution No. 4046 and No. 4047 adopted on May 21, 2025, the District has sold its 2025 Refunding Bonds to refinance prior bonds, along with the first series of bonds from Measure A of 2024. The sales were conducted with the assistance of the District's financial advisor, Keygent LLC, and underwritten by the investment banking firm of Stifel Nicolaus.

The bonds were successfully sold on August 19, 2025. The sales resulted in \$472 million in orders from 41 unique investor accounts. The substantial investor interest allowed the underwriter to decrease the interest rates for the District. The final costs came in lower than the estimates shared with the Governing Board in May. The estimated cost for the \$125 million Series A bonds was \$244 million (4.9% interest rate); the final outcome was \$230 million (4.7% interest rate). The estimated taxpayer savings for the refinancing was \$3.78 million; the final outcome was \$5.10 million in taxpayer savings. Both bond issuances closed on September 4, 2025.

Pursuant to Education Code Section 15146(d), the District is required to present the actual cost information for the sale of the Bonds to the Board of Education at its next scheduled meeting following the sale of the Bonds. Attached is a summary of the financing costs.

FISCAL IMPACT:

As noted in discussion.
