Title: Voluntary Community Recreation Programs

CONTACT: Marc Hammack**FOR INFORMATION:****FOR ACTION:** October 22, 2025

RECOMMENDATION:

Approve the Voluntary Community Recreation Programs, as submitted.

DISCUSSION:

The Clovis Community Sports and Recreation Department provides and operates noneducational, athletic and recreation programs and activities for the access and enjoyment of Clovis and surrounding communities. The Department's recreational offerings are available to all age-appropriate participants in Clovis, Fresno and surrounding communities, whether or not such participants are enrolled in the District's educational program, and students enrolled in the District's educational program are never required to participate in the Department's noneducational, recreational programs or activities.

The proposed costs listed below are to attend the camp/clinic and may not include additional items such as spirit packs, shirts, jerseys, etc. The additional items will be provided at cost with no profit for the program. Title: Annual Concurrent Public Higher Education Program, First Semester 2025-26

CONTACT: Marc Hammack

FOR INFORMATION: October 8, 2025

FOR ACTION: October 22, 2025

RECOMMENDATION:

Approve the participation of students from Buchanan, Clovis, Clovis East, Clovis North, Clovis Online and Clovis West high schools in the Concurrent Public Higher Education Program for the first semester of the 2025-26 school year, as submitted.

DISCUSSION:

Section 4880 of the California Education Code allows governing boards of school districts to authorize students to attend public higher education classes if students would benefit from the advanced scholastic or vocational training offered by public community colleges. School districts receive full Average Daily Attendance (ADA) credit for students participating in the program if the student attends his/her regular high school for at least 240 minutes per day or receives $\frac{3}{4}$ of a full ADA if the student participating in this program attends their regular high school for at least 180 minutes per day.

Students at Buchanan, Clovis, Clovis East, Clovis North, Clovis Online and Clovis West high schools annually participate in this program. For the District to claim this additional ADA, audit forms will be required to verify that all students participating in the Concurrent Public Higher Education Program summarized above are approved by the Governing Board.

The 2025-26 first semester concurrent enrollment in the Clovis Community College Advantage Program (CCCAP) at the District's five comprehensive high schools and Clovis Online School is as follows:

School	Enrollment
Buchanan High School	23
Clovis High School	11
Clovis East High School	17
Clovis North High School	34
Clovis Online School	3

Title: Agreement with SchoolAI

CONTACT: Marc Hammack**FOR INFORMATION:** October 8, 2025**FOR ACTION:** October 22, 2025

RECOMMENDATION:

Authorize the Superintendent or designee to approve a contract with SchoolAI for the 2025-26 school year, as submitted.

DISCUSSION:

SchoolAI is a safe, teacher-managed platform for grades 7-12 that gives students controlled access to artificial intelligence chatbots for learning. Teachers decide when and how students use the tool and can design chatbots around specific lessons or goals. Standards and class materials can be built into the chatbot so that the conversations connect directly to what students are learning. Teachers can see all student interactions, receive alerts if students go off task and use the tool to support English learners through real-time translation. Students can write in their primary language, receive feedback in that language and teachers see the work in English.

This approach gives the District a way to use AI responsibly without opening up broad, unmonitored access and aligns to our District's mission for AI use. It keeps instruction aligned to standards, helps prevent misuse and allows teachers to stay in control. Licensed access solves the problem of free accounts running out of "user logins" for teachers at the secondary level as the free version only allows 75 "user logins" per teacher.

RECOMMENDATION:

Approve the Variable Term Waiver (VTW) request for the Career Technical Education (CTE) Arts, Media and Entertainment teaching candidate, as submitted.

DISCUSSION:

District Administration has actively sought qualified candidates who hold the appropriate subject matter credentials inclusive of English Learner Authorizations. In cases where a Designated Subject and/or CTE credential holder is required to hold a Specifically Designed Academic Instruction Delivered in English (SDAIE) authorization, but does not yet hold this authorization, and is not able to attain an emergency Cross-Cultural, Language and Academic Development (CLAD) Permit, it is necessary to request a VTW.

Currently, Clovis Unified School District employs the candidate referenced below who will attain a preliminary CTE teaching credential. This credential does not include SDAIE while on preliminary status.

The anticipated date of program completion to obtain the SDAIE for the candidate is approximately August 2027. As such, it is recommended that this VTW request be approved to provide the time necessary for the teacher to earn his full SDAIE/English Learner Authorization.

Title: Resolution No. 4076 - Making Findings, Authorizing and Approving an Energy Services Agreement, and Authorizing Execution and Delivery of Other Documents and Other Actions Required in Connection Therewith

CONTACT: Michael Johnston

FOR INFORMATION: October 8, 2025

FOR ACTION: October 22, 2025

RECOMMENDATION:

Adopt Resolution No. 4076 making the required findings and approving an Energy Services Agreement for the purchase of upgraded lighting for the tennis courts at various sites.

DISCUSSION:

The District proposes to enter into an agreement with Electric Motor Shop to purchase and install upgraded tennis court lighting to address the current substandard and outdated lighting. An analysis has been conducted showing the anticipated cost to the District for the purchase and installation of the upgraded tennis court lighting will be less than the anticipated marginal cost to the District of electrical energy that would have been consumed by the District in the absence of the upgrades. The analysis is attached to Resolution No. 4076. In addition to the consideration of Resolution No. 4076 and pursuant to Government Code section 4217.12, the Board is holding a public hearing at this October 22, 2025, Board meeting regarding the required findings.

FISCAL IMPACT:

The District will save a total of \$328,332.95 annually. The cost for five high schools and four intermediate schools is estimated to be \$1,786,321.

Title: Agreement with FM3 Research

CONTACT: Corrine Folmer**FOR INFORMATION:** October 22, 2025**FOR ACTION:** November 12, 2025

RECOMMENDATION:

Approve an agreement with FM3 Research to conduct opinion research regarding Clovis Unified's communication with stakeholders to ensure the effective and efficient allocation of resources in its strategic communication plan.

DISCUSSION:

In its strategic plan, the District places an emphasis on being transparent and communicative with families, staff, students and the community. In that same plan, the District commits to increasing efficiency and effectiveness in all its operations and to the effective use of data to inform decision making. To best fulfill the commitments outlined in our strategic plan it is necessary to periodically gather research as to the ways our community accesses information about the school district so that communication planning can remain effective in reaching our stakeholder groups.

Last conducted in 2018, the recommended project with FM3 Research will evaluate the communication channels used by parents to obtain information about the District, evaluate the effectiveness of current delivery methods of tools like *CUSD Today* and gather data that will be used in future planning by the District's Communications Department. This project will ensure financial and human resources are appropriately allocated to fulfill the strategic plan action item, "Maximize means of direct and timely communication and transparency with all educational partners."

FISCAL IMPACT:

One-time cost of \$31,750 paid from the Communications Department budget.

Title: Amplify Education mCLASS DIBELS for Grades 3-6

CONTACT: Marc Hammack**FOR INFORMATION:** October 22, 2025**FOR ACTION:** November 12, 2025

RECOMMENDATION:

Authorize the Superintendent or designee to approve the contract for Amplify Education mCLASS DIBELS for grades 3-6, for intervention support of students at risk of reading difficulties.

DISCUSSION:

On June 11, 2025, the Governing Board approved the adoption of mCLASS DIBELS by Amplify Education as the District's K-6 reading risk screener. Since implementation, the tool has provided valuable, actionable data to help teachers identify reading challenges and tailor targeted instruction.

Teachers in grades 3-6 have expressed strong interest in using mCLASS DIBELS to support students who continue to face reading difficulties beyond the primary grades. Expanding access will enhance progress monitoring, enable timely interventions, and promote literacy growth across all elementary grades.

Amplify Education has offered Clovis Unified School District the same per-student pricing for grades 3-6 as originally contracted for K-2, guaranteed for three years. The proposal includes 3,500 student licenses (approximately 100 per elementary site) for use with at-risk students. Licenses are transferable throughout the three-year term, allowing reassignment if a student exits intervention or leaves the District.

FISCAL IMPACT:

Not to exceed a one-time cost of \$85,000 for training, resources and access to the mCLASS DIBELS platform for a three-year period (2025-26, 2026-27, and 2027-28 school years). The expenditure will be funded through the Educator Effectiveness Funds Grant.

Title: Proposition 2 Career Technical Education Facilities Program Grant Application

FOR INFORMATION: October 22, 2025

FOR ACTION: November 12, 2025

RECOMMENDATION:

Approve the submission of the District's Proposition 2 Career Technical Education Facilities Program (CTEFP) grant applications for Clovis South High School's Aviation Career Technical Education (CTE) Program and Medical Assisting CTE Program, as submitted.

DISCUSSION:

In April 2025, the State Allocation Board approved \$300 million for the CTEFP funding cycle. In the past, all five of our existing high schools were awarded a portion of these funds to support our CTE programs. This year, Clovis South High School will apply for the current round of grant monies. Applications are due December 1, 2025. CTEFP applicants must provide a matching contribution at least equal to the State grant. All applicants must have an active Career Technical Advisory Committee.

The CTEFP allocates funds to qualifying school districts and joint powers authorities that have a need for the construction of new facilities, modernization or reconfiguration of existing facilities, and/or purchase equipment in accordance with Education Code 17078.72. The Clovis Unified application will be for equipment, infrastructure and construction projects for the CTE classrooms at Clovis South High School.
