Title: Public Hearing Regarding the 2026-27 Proposed Adopted Budget, the Review and Discussion of District Reserves (SB 858 – Justification for Reserves Above the State Minimum) and the Review and Discussion of the Annual Education Protection Account

FOR INFORMATION:

FOR ACTION: May 20, 2026

RECOMMENDATION:

Conduct a public hearing no earlier than 6:45 p.m. at 1680 David E. Cook Way, Clovis, California, regarding the 2026-27 Proposed Adopted Budget, the review and discussion of District reserves (SB 858 – Justification for Reserves Above the State Minimum) and the review and discussion of the annual Education Protection Account (EPA).

DISCUSSION:

2026-27 Proposed Adopted Budget:

In order to allow for public input on the development of Clovis Unified's Adopted Budget, a public hearing will be held. The Governing Board is scheduled to take action on the Adopted Budget at its meeting on June 10, 2026.

Review and Discussion of Reserves:

Education Code section 42127(a)(2)(B) states that commencing with budgets adopted for the 2015-16 fiscal year, the governing board of a school district that proposes to adopt a budget or revise a budget that includes a combined assigned and unassigned ending fund balance above the State minimum recommended reserve for economic uncertainties of 2%, for a district the size of Clovis Unified, shall be required to disclose at a public hearing what reserve amounts were over the required minimum and to substantiate the need for those reserves over the minimum.

Review and Discussion of the Annual Education Protection Account:

Proposition 30, the Schools and Local Public Safety Protection Act of 2012, approved by the voters on November 6, 2012, temporarily increased the State sales tax rate for all taxpayers, and the personal income tax rates for upper-income taxpayers. New revenues generated from Proposition 30 were deposited into a State account called the Education Protection Account (EPA). The temporary sales tax approved with the passage of Proposition 30 expired at the end of the 2016 calendar year. The personal income tax rates for upper-income taxpayers was due to expire at the end of the 2018 calendar year. On the November 2016 ballot, California voters approved Proposition 55 extending the Proposition 30 income tax increase for upper-income taxpayers through 2030. This public hearing is provided to allow for input regarding expenditures related to the EPA funds.

In order to meet legally required deadlines, the Governing Board, at its May 6, 2026, meeting, scheduled the required public hearing to occur no earlier than 6:45 p.m. during this May 20, 2026, Board meeting. The 2026-27 proposed budget was available for inspection by the public beginning May 15, 2026, at <https://www.cusd.com/FinancialReports>.

Engaging Educational Partners

LOCAL CONTROL ACCOUNTABILITY PLAN (LCAP)

The LCAP is a three-year plan that was first adopted in June 2014 describing intentional efforts to improve the achievement of Local Control Funding Formula (LCFF) target groups: English Learners (EL), Foster Youth (FY), and Low-Income (LI) students. It is updated annually and modified based on the evaluation of student performance and educational partner feedback. Educational partners include pupils, parents/guardians, community members, and personnel.

Each year, the Governing Board takes action on the updated LCAP at its June meeting (just prior to the adoption of the annual budget). The adopted LCAP includes both the LCFF base and supplemental funds used to increase the quality and quantity of services to students.

The plan represents an extensive feedback-gathering process and takes into account what educational partners have identified as the actions and resources they believe will positively impact all students. The LCAP is written to align with the District Strategic Plan.

Title: Voluntary Community Recreation Programs

CONTACT: Marc Hammack

FOR INFORMATION:

FOR ACTION: May 20, 2026

RECOMMENDATION:

Approve the Voluntary Community Recreation Programs, as submitted.

DISCUSSION:

The Clovis Community Sports and Recreation Department provides and operates noneducational, athletic and recreation programs and activities for the access and enjoyment of Clovis and surrounding communities. Such noneducational, recreational programs and activities are not part of the District’s curricular, extracurricular, or co-curricular educational programs, and are entirely separate and distinct from the District’s educational program. The Department’s recreational offerings are available to all age-appropriate participants in Clovis, Fresno and surrounding communities, whether or not such participants are enrolled in the District’s educational program, and students enrolled in the District’s educational program are never required to participate in the Department’s noneducational, recreational programs or activities.

The proposed costs listed below are to attend the camp/clinic and may not include additional items such as spirit packs, shirts, jerseys, etc. The additional items will be provided at cost with no profit for the program. All additional items will be specifically identified in the flyers to the community.

Title: Annual School Plan for Student Achievement 2026-27

CONTACT: Marc Hammack

FOR INFORMATION: May 6, 2026

FOR ACTION: May 20, 2026

RECOMMENDATION:

Authorize the Superintendent or designee to approve the annual School Plan for Student Achievement (SPSA) and the categorical budget for each school for the 2026-27 school year and authorize each school to implement its categorical programs.

DISCUSSION:

The purpose of the SPSA is to create a cycle of continuous improvement of student academic performance, as measured by State and District assessments. The goal is for all students to illustrate growth and achieve at rigorous levels.

Annually, Clovis Unified schools work in collaboration with their School Site Councils and English Language Advisory Committees to develop their school site SPSA. These groups of parents and school staff collect and analyze student performance data, set priorities for program improvement, use rigorous research-based strategies, conduct on-going monitoring of results, and review budgets. SPSAs are annually approved by the site's School Site Council in the spring and then reviewed and approved by the CUSD Governing Board.

The 2026-27 SPSA is based on the State's funding allocations. A copy of each school's SPSA is currently available to interested parties for review at the school site, and upon approval, will be posted to the CUSD website.

FISCAL IMPACT:

State and federal funding allocations are already included in the proposed 2026-27 budget.

Title: Resolution No. 4092 - Adoption of a Development Fee Justification Study/School Facilities Needs Analysis, an Increase in Level I School Facilities Fees, and the Establishment of Alternative Level II School Facilities Fees

CONTACT: Michael Johnston

FOR INFORMATION: May 6, 2026

FOR ACTION: May 20, 2026

RECOMMENDATION:

Adopt Resolution No. 4092 approving the District's School Facilities Needs Analysis (Analysis) increasing Level I School Facilities (Developer) fees on commercial construction to \$0.87 per square foot and establishing a Level II Developer fee of \$6.38 per square foot on new residential construction, as submitted.

DISCUSSION:

Since January 1987, school districts have had the authority to levy developer fees for all new construction within the school district including residential, commercial, and industrial development. The current maximum Level I fees school districts are authorized to levy are \$5.38 per square foot for residential development and \$0.87 per square foot for commercial and industrial development.

With the adoption of Senate Bill 50 (Leroy F. Greene School Facilities Act of 1998), school districts are authorized to levy a fee in excess of the amount identified above for new residential development with said fee to be based on State guidelines and the adoption of an Analysis. At the current time, the District uses the higher Level II residential development fee of \$5.86 per square foot.

Based on State guidelines related to student generation rates from new development, projected new development during the upcoming five (5) years, State building costs, State approved school site acreage, estimated infrastructure costs for off-site, service-site, and utility improvements, the District's Level II alternative fee has been determined to be \$6.38 per square foot, which represents 50% of the facilities cost. It should be kept in mind that the costs included in the Analysis reflect State guidelines and are not the "true" cost of building and occupying new schools in the District.

The Analysis was delivered to representatives of the City of Clovis, City of Fresno, County of Fresno, and the Building Industry Association in accordance with legal requirements. A copy was made available for review on the District website and through the District's Facilities Office.

It is recommended that the Governing Board adopt Resolution No. 4092, a copy of which follows, that approves the District's Analysis and authorizes the implementation of the Level II fee of \$6.38 per square foot for all new residential development effective July 1, 2026. Additionally, Resolution No. 4092 increases the Level I fee for all commercial and industrial development to \$0.87 per square foot effective July 1, 2026.

Provisions of the California Education and Government Codes allow for the adoption of an Analysis, and the establishment of Level II fees to be found exempt from the California Environmental Quality Act (CEQA). Accordingly, Resolution No. 4092 also authorizes the District Superintendent of designee to file a Notice of Exemption from CEQA.

FISCAL IMPACT:

Increase in Developer Fee Revenue in the Developer Fee Fund.

**RESOLUTION NO. 4092
BEFORE THE GOVERNING BOARD
OF THE CLOVIS UNIFIED SCHOOL DISTRICT
FRESNO COUNTY, CALIFORNIA**

**IN THE MATTER OF THE ADOPTION OF A DEVELOPMENT FEE JUSTIFICATION
STUDY / SCHOOL FACILITIES NEEDS ANALYSIS, AN INCREASE IN LEVEL I
SCHOOL FACILITIES, AND THE ESTABLISHMENT OF ALTERNATIVE LEVEL II
SCHOOL FACILITIES (DEVELOPER) FEES**

WHEREAS, Education Code section 17620 authorizes school districts to impose certain fees as set forth in Government Code section 65995 et seq. to finance the construction and reconstruction of school facilities; and

WHEREAS, pursuant to Government Code section 65995 the District is currently levying its Level I fee at \$5.17 per square foot of assessable residential construction and \$0.84 per square foot for chargeable commercial and industrial construction; and

WHEREAS, pursuant to Government Code section 65995.5, the District is currently levying a Level II fee of \$5.86 per square foot of assessable residential construction; and

WHEREAS, pursuant to the authority of Government Code section 65995, subdivision (b)(3), the State Allocation Board (SAB) has increased the allowable Level I fee on residential development to \$5.38 per square foot of assessable residential construction as defined by Government Code section 65995, subdivision (b)(1), and has raised the allowable commercial and industrial fee to \$0.87 per square foot for chargeable covered and enclosed new commercial and industrial construction, as defined by Government Code section 65995, subdivision (b)(2); and

WHEREAS, under Senate Bill 50 (SB 50), the Leroy F. Greene School Facilities Act of 1998 (Chapter 407, Statutes of 1998), Government Code section 65995.5 provides that in lieu of a residential fee imposed under Government Code section 65995, subdivision (b)(1), a school district may impose alternative fees on new residential construction in amounts calculated pursuant to Section 65995.5, subdivision (c), and 65995.7; and

WHEREAS, pursuant to Government Code section 65995.5, subdivision (b), in order to be eligible to impose fees in these alternative amounts, the school district is required to do all of the following: (1) make a timely application to the SAB for new construction funding and be deemed by SAB to meet the eligibility requirements for new construction funding; (2) conduct and adopt a School Facilities Needs Analysis (Analysis) pursuant to Government Code section

65995.6; and (3) until January 1, 2000, satisfy at least one of the requirements set forth in subparagraphs (A) to (D) inclusive of Government Code section 65995.5, subdivision (b)(3), and after January 1, 2000, satisfy at least two of said requirements; and

WHEREAS, Education Code section 17621 specifically exempts the adoption, increase, or imposition of any fee, charge, dedication or other requirement pursuant to Education Code section 17620 from the provisions of the California Environmental Quality Act (CEQA) (Pub. Resources Code Section 21000 et seq.); and

WHEREAS, upon a determination that the imposition of school facilities fees under Education Code section 17620 is exempt from CEQA, the District is entitled to file a Notice of Exemption with the County Clerk pursuant to California Code of Regulations, title 14, section 15062.

THEREFORE, BE IT RESOLVED that the Board makes the following findings:

1. The District has been determined by the SAB to meet the eligibility requirements for new construction funding.

2. The District has satisfied the requirements of Government Code section 65995.5, subdivision (b)(3)(C), in that the District has issued debt or incurred obligations for capital outlay in an amount equivalent to fifteen (15) percent of its local bonding capacity. The District has further satisfied the requirements of Government Code section 65995.5, subdivision (b)(3)(D), in that at least twenty percent (20%) of the teaching stations within the District are re-locatable classrooms and the District has placed a local general obligation bond measure for school facilities that has received at least 50 percent (50%) plus one vote.

3. The District has conducted an Analysis consistent with the requirements of Government Code section 65995.6 whereby the District has determined the need for school facilities to accommodate un-housed pupils that are attributable to projected enrollment growth from the development of new residential units over the next five (5) years.

4. The District's Analysis is contained in the report entitled "Development Fee Justification Study/School Facilities Needs Analysis" (Report) that was made available to the public beginning on April 3, 2026.

5. The Report projects that over the next five (5) years new residential construction will generate a total of approximately 2,492 students in grades TK-6; 597 students in grades 7-8; 1,033 students in grades 9-12; and 148 Special Day Class students that must be housed at a total

allowable cost calculated pursuant to the requirements of Government Code section 65995.5, subdivision (c) for facilities, site acquisition and development of \$70,865,721, which when divided by the projected square footage of new residential units anticipated to be constructed over the next five (5) years, results in a maximum alternative residential fee of \$6.38 per square foot of assessable residential construction and, if the SAB determines that the State funds for new school facility construction are no longer available, and following the District's consultation with building and development industry representatives, a consideration of whether or not to impose an alternative fee under Government Code section 65995.7 (Level III fee).

6. The purpose of the alternative Level II fee is to provide school facilities for un-housed students who will be generated as a result of the construction of new residential units in the District over the next five (5) years.

7. The alternative Level II fees are to be used exclusively for the school facilities identified in the Report consistent with Government Code section 65995.5, subdivision (f).

8. There is a reasonable relationship between the need for school facilities and the type of development on which the fees are imposed because, as set forth in the Report, the construction of new residential units generates students that cannot be housed without additional facilities.

9. There is reasonable relationship between the use of the fees and the types of development projects on which the fees are imposed in that new residential units will generate students who will attend the District schools, these students cannot be housed by the District without the construction of additional facilities, and the fees will be solely expended to finance these new additional facilities.

10. There is a reasonable relationship between the amount of the fees and the cost of the facilities attributable to the construction of new residential units on which the fees are imposed in that the square footage of these types of units has a direct relationship to the number of students generated and, thus, to the facilities which the District must add to accommodate those students.

BE IT ALSO RESOLVED that the Board conducted a noticed public hearing at its regular meeting of May 20, 2026, at which time information contained in the District's Report was presented, together with the District's responses to all written comments received regarding the Report. The Board hereby adopts the Report and incorporates its Analysis herein by reference.

BE IT ALSO RESOLVED that since the District's justifiable fee is greater than the maximum allowable, the Level I fee on the assessable residential construction shall be increased from \$5.17 per square foot to \$5.38 per square foot, and that its fee on chargeable covered and enclosed new commercial and industrial construction shall be increased from \$0.84 per square foot to \$0.87 per square foot as provided by Education Code sections 17620, et. seq. and Government Code sections 65995, et seq.

BE IT ALSO RESOLVED that the increase in Level I fees shall take effect at least sixty (60) days from the date of this Resolution, on July 19, 2026.

BE IT ALSO RESOLVED that the Board hereby establishes an alternative Level II fee in the amount of \$6.38 per square foot of assessable residential construction and the alternative Level II fees will take effect on July 1, 2026.

BE IT ALSO RESOLVED that should at any time the District's alternative Level II fees become ineffective, the Level I fee shall immediately become effective on the assessable residential construction.

BE IT ALSO RESOLVED that the District has established a separate account in which all fees collected pursuant to this Resolution, along with any interest income earned therein, shall be deposited in order to avoid any commingling of the fees with other fees, revenues, and funds of the District, except for temporary investments, and that the District is authorized to make expenditures or to incur obligations solely for the purposes for which the fees are collected, which the Governing Board hereby designates to be those purposes permitted by any applicable law.

BE IT ALSO RESOLVED that if the District has unexpended or uncommitted fees within five (5) years of collection, the District will make required findings or refund the fees as set forth in Education Code section 17624.

BE IT ALSO RESOLVED that the fees established pursuant to this Resolution are not subject to the restriction contained in subdivision (a) of Government Code section 66007, and that no building permit shall be issued for any development absent certification of compliance by the development project with the fees imposed pursuant to this Resolution.

BE IT ALSO RESOLVED that the Superintendent give notice to all cities and counties with jurisdiction over the territory of the District of the Board's action by serving a copy of this Resolution, the supporting documentation, and a map indicating the areas subject to the fees on each agency and requesting that no building permits or, for manufactured homes and mobile

homes, Certificates of Occupancy, be issued on or after the date of this Resolution without certification from the District that the fees specified herein have been paid.

BE IT ALSO RESOLVED that the Board hereby finds that the adoption of fees hereunder is statutorily exempt from the requirements of CEQA pursuant to Education Code section 17621.

BE IT ALSO RESOLVED that this Board hereby approves the CEQA Notice of Exemption regarding the imposition of fees and directs the Superintendent or designee to file the CEQA Notice of Exemption, together with a certified copy of this Resolution with the County Clerk pursuant to Education Code section 17621.

Title: Resolution No. 4095 - Excess Liability Coverage for Clovis Unified School District

CONTACT: Michael Johnston

FOR INFORMATION: May 6, 2026

FOR ACTION: May 20, 2026

RECOMMENDATION:

Adopt Resolution No. 4095 regarding the excess liability coverage for Clovis Unified School District.

DISCUSSION:

Clovis Unified School District (CUSD) is currently a member of the Alliance of Schools for Cooperative Insurance Programs (ASCIP), a Joint Powers Authority (JPA) and primary risk sharing pool. ASCIP provides coverage for liability claims, workers' compensation, and property losses. The Schools Excess Liability Fund (SELF), a separate JPA, has historically provided the District with excess coverage above the primary layer carried through ASCIP.

At the December 12, 2025, Board meeting, the Governing Board adopted Resolution No. 4078, a Resolution of Withdrawal from membership in SELF, in order to preserve the District's ability to transition to an alternative excess program effective July 1, 2026, if a superior option was identified. Adoption of that resolution did not commit the District to leaving SELF, but was required to comply with SELF's notice provisions ahead of the December 31, 2025, deadline.

Staff and the Administrative Services/Human Resources Board Subcommittee is currently conducting a comprehensive evaluation of available options for excess liability coverage, including:

- Continued membership in SELF
- Alternative excess reinsurance programs available in the marketplace
- Comparison of scope of coverage, pricing and rates, and operational efficiencies across available options

Upon completion of this due diligence process, staff will present a recommendation to the Governing Board at the May 20, 2026, Board meeting as to how the District will be maintaining its excess liability coverage effective July 1, 2026.

Resolution No. 4095 will be provided at the May 20, 2026, Board meeting.

FISCAL IMPACT:

Funding will be provided at the May 20, 2026, Board meeting.

BEFORE THE GOVERNING BOARD
OF THE CLOVIS UNIFIED SCHOOL DISTRICT

**IN THE MATTER OF APPROVING MEMBERSHIP AND PARTICIPATION IN THE
SCHOOLS EXCESS LIABILITY FUND FOR EXCESS LIABILITY COVERAGE**

WHEREAS, the Clovis Unified School District (“District”), along with other school districts and charter schools of the State of California, have been studying self-funding of excess liability; and

WHEREAS, these districts and public charter schools have determined there is a need for a self-funding system for excess liability coverage by combining their respective efforts to establish, operate, and maintain a Joint Powers Agency for self-funding of excess liability; and

WHEREAS, Title I, Division 7, Chapter 5, Article I (section 6500 et seq.) of the Government Code of the State of California, authorizes joint exercise by two or more public agencies of any power common to them; and

WHEREAS, California law authorizes school districts to establish self-funded programs; and

WHEREAS, the District sought to examine its options for alternative sources of excess liability coverage and notified SELF of its intent to withdraw as of the 2026/2027 program year, as required by the SELF JPA Agreement, in the event it opted to change coverage sources.

THEREFORE, BE IT RESOLVED by the Board as follows:

1. The District hereby rescinds its previously submitted resolution to withdraw from SELF JPA and the Excess Liability Program effective July 1, 2026.
2. The Governing Board of the Clovis Unified School District hereby declares its desire to continue its membership in the Schools Excess Liability Fund Excess Liability Program for the 2026-27 program year.

Title: Annual Adoption of the Special Education Service Plan and Budget Plan 2026-27

CONTACT: Norm Anderson

FOR INFORMATION: May 20, 2026

FOR ACTION: June 10, 2026

RECOMMENDATION:

Adopt the 2026-27 Special Education Annual Service Plan and Annual Budget Plan, as submitted.

DISCUSSION:

Federal and State laws require that all Special Education Local Plan Areas (SELPA) submit an Annual Service Plan (ASP) and Annual Budget Plan (ABP).

The ASP includes a description of services to be provided by the Clovis Unified SELPA including the nature of services and the physical location where the services will be provided. This includes alternative schools, charter schools, opportunity schools and classes, the community day school operated by the Fresno County Superintendent of Schools, the juvenile court school, and county jails.

The ASP demonstrates that all individuals with exceptional needs have access to services and instructions appropriate to meet their needs as specified in their Individualized Education Program (IEP). The 2026-27 Special Education ASP was derived from the October 1, 2025, pupil count which was extracted from the Special Education Information System (SEIS).

The ABP reflects allocations of funds that align with the services and instruction outlined in the ASP.

A copy of the ASP and ABP is available to review in the Special Education Department at 305 N. Fowler Avenue, Clovis, California, (559) 327-0300.

FISCAL IMPACT:

Fiscal impact will be included in the 2026-27 Special Education ABP, which is included in the proposed 2026-27 Proposed Budget.

Title: Triennial Memorandum of Understanding Between Clovis Unified School District Special Education Local Plan Area and Central Valley Regional Center

CONTACT: Norm Anderson

FOR INFORMATION: May 20, 2026

FOR ACTION: June 10, 2026

RECOMMENDATION:

Authorize the Superintendent or designee to approve the Memorandum of Understanding (MOU) between Clovis Unified School District and the Central Valley Regional Center (CVRC) to provide early intervention services for children between the ages of 0 and 3 years for the period of July 1, 2026, to June 30, 2029.

DISCUSSION:

Annually, CVRC contracts with private agencies to provide early intervention services for children between the ages of 0 to 3 years and their families. Through the Early Start Program, the District has been providing a comparable level of service which equals or exceeds what is currently offered by private agencies. The MOU will allow Clovis Unified to work in conjunction with CVRC which will refer children to Clovis Unified for these services. The District will continue as a vendor to CVRC to provide these services and CVRC will be billed monthly for reimbursement of the cost of services by Clovis Unified School District.

The terms of the MOU are similar to years past and are contingent upon the outcome of California's 2026-27 budget. The details of the MOU will be included prior to the June 10, 2026, Governing Board meeting.

FOR ACTION: June 10, 2026

RECOMMENDATION:

Authorize the Superintendent or designee to accept and execute a service agreement and approve a Memorandum of Understanding (MOU) with the California Teaching Fellows Foundation (CTFF) for the 2026-27 school year to provide additional instructional assistants (IAs) and direct support to all students who qualify for Clovis Unified's Every Student Succeeds Act (ESSA) Program.

DISCUSSION:

CTFF employs undergraduates enrolled in a community college or university. CTFF reaches undergraduates in fields beyond teacher preparation to include kinesiology, science, engineering, business, art, music, drama, recreation, and more. CTFF tutors reinforce their own learning by teaching in their chosen field, while kindergarten through grade 12 students gain from engaging teaching methods.

CTFF tutors/IAs will support students in academics with a variety of instructional strategies to master the standards. Tutors/IAs will work directly with teachers to develop the support necessary to ensure student success.

CTFF is supervised by credentialed leads who receive ongoing professional development provided by school sites, CTFF, and the District. CTFF brings energetic, trained staff members who help students and, in turn, receive hands-on experience in preparation for a career in education. The use of CTFF participants was first approved by the CUSD Governing Board in March 2007.

FOR ACTION: June 10, 2026

RECOMMENDATION:

Approve the 2026-27 Annual Local Control Accountability Plan (LCAP) and LCAP Addendum for Clovis Unified School District and the Annual LCAP for Clovis Online School, as submitted.

DISCUSSION:

Clovis Unified School District's and Clovis Online School's 2026-27 LCAPs were developed with input from parents/guardians, employees, students, and community members. Feedback was collected and processed prior to the development of the LCAPs. Clovis Online School's LCAP is aligned with the District's LCAP.

Community feedback provided recommendations for the improvement in meeting the needs of all students. Actions and services identified in the LCAPs are centered on eight State priorities:

- Basic Services
- State Standards
- Course Access
- Parent Involvement
- Student Engagement
- School Climate
- Student Achievement
- Student Outcomes

The LCAP addendum documents the District's use of federal funds. California's Every Student Succeeds Act significantly shifts the State's approach to the utilization of federal resources in support of underserved student groups. This LCAP Federal Addendum provides Local Educational Agencies with the opportunity to document their approach to maximizing the impact of federal investment in support of underserved students.

Staff recommends that the Board conduct a review of the District's COI Code, adopt amended Board Bylaw No. 9270, as submitted, and make a determination that no additional changes are necessary as to Exhibits No. 9270(1) and (2). The proposed revisions were reviewed with the Administrative Services/Human Resources Board Subcommittee.

Upon the Board's review, the COI Code will be submitted to the Fresno County Board of Supervisors as required in connection with the biennial review. FOR INFORMATION: May 20, 2026

FOR ACTION: June 10, 2026

RECOMMENDATION:

Approve the disposal of obsolete instructional materials and surplus equipment for the 2026-27 school year, in accordance with Board Policy No. 3270 and Education Code sections 60510 and 17546.

Title: Annual Authorization to Purchase via Piggyback

CONTACT: Michael Johnston

FOR INFORMATION: May 20, 2026

FOR ACTION: June 10, 2026

RECOMMENDATION:

Pursuant to Public Contract Code 20118, it is recommended that the Board recognize it is in the District’s best interest to make certain purchases without formal bidding. Approval is requested to authorize the purchase of software, supplies, equipment, and related services for District sites and programs by utilizing cooperative purchasing agreements, Joint Powers Authorities (JPAs), and existing contracts from State, federal, and other school district entities.

DISCUSSION:

Utilizing Public Contract Code section 20118 and piggybacking on existing contracts supports compliance with State and federal procurement regulations and spending thresholds. This method enables the District to procure essential items in a timely manner to support student learning and operational needs. Purchasing Department staff will continue to evaluate available contracts and pricing to ensure the most cost-effective and suitable options are selected. A list of frequently used contracts and vendors is attached for reference.

This item will appear on the June 10, 2026, consent agenda.

FISCAL IMPACT:

Purchases will be made on an as-needed basis using approved budget allocations. Piggyback contract pricing offers an average savings of 15% to 25%, depending on the contract and specific items purchased.

Title: Resolution No. 4097 - Annual Education Protection Account

CONTACT: Michael Johnston

FOR INFORMATION: May 20, 2026

FOR ACTION: June 10, 2026

RECOMMENDATION:

Adopt Resolution No. 4097 regarding the annual Education Protection Account (EPA), as submitted.

DISCUSSION:

Proposition 30, the Schools and Local Public Safety Protection Act of 2012, approved by the voters on November 6, 2012, temporarily increased the State sales tax rate for all taxpayers and the personal income tax rates for upper-income taxpayers. The temporary sales tax expired at the end of the 2016 calendar year. The personal income tax rates for upper-income taxpayers was due to expire at the end of the 2018 calendar year. On the November 2016 ballot, California voters approved Proposition 55, extending the Proposition 30 income tax increase for upper-income taxpayers through 2030.

The District's Local Control Funding Formula (LCFF) revenue is comprised of three funding sources: State aid, EPA and property taxes. The funding received as a result of Proposition 55 does not increase the District's LCFF revenue because the State aid revenue is decreased according to the amount of EPA funds received. At the beginning of each year, the Department of Finance estimates the amount to be transferred into the EPA for districts. EPA revenue funds for Clovis Unified will be deposited into restricted resource 1400. These funds must, therefore, be accounted for under the following reporting requirements:

1. Each year, the Governing Board must approve a spending plan for the EPA money.
2. The EPA funds cannot be used for the salaries or benefits of administrators or for administrative costs.
3. The District must publish on its website the amount of EPA money received and how it was spent.
4. An annual audit will be required to verify that EPA funds were spent in accordance with the requirements of Proposition 55.
5. The spending plan must be approved at the time the District's annual budget is adopted.

The resolution with the proposed spending plan will be provided to the Board prior to the June 10, 2026, Governing Board meeting.

This item will appear on the June 10, 2026, consent agenda.

No fiscal impact.

Title: Resolution No. 4098 - Governmental Accounting Standards Board Statement No. 54 Committed Funds

CONTACT: Michael Johnston

FOR INFORMATION: May 20, 2026

FOR ACTION: June 10, 2026

RECOMMENDATION:

Adopt Resolution No. 4098 committing to utilizing portions of the District's General Fund ending fund balance for the following purposes: capital equipment refresh; textbooks; technology refresh; school site/department long-term plans; and a 10% stabilization agreement per Board Policy No. 3100.

DISCUSSION:

The Governmental Accounting Standards Board (GASB) has issued Statement No. 54, establishing a hierarchy clarifying the constraints that govern how a government entity can use amounts reported as a fund balance.

The Governing Board is the highest level of decision-making authority and has the authority to commit, assign, or evaluate existing fund balance classifications and identify the intended uses of committed or assigned funds. The committed fund balance classification reflects amounts subject to internal constraints self-imposed by the Governing Board. Once the committed fund balance constraints are imposed, it requires the constraint to be removed by the Governing Board prior to redirecting the funds for other purposes. The amounts to be committed for the purposes directed above shall be established by the Superintendent no later than September 9, 2026.

FISCAL IMPACT:

RECOMMENDATION:

Assuming an agreement is reached, the District will provide a recommendation regarding the public disclosure of a Collective Bargaining Agreement related to employees prior to the June 10, 2026, Governing Board meeting.

Government Code Section 3547.5 requires a public disclosure of any Collective Bargaining Agreement to ensure that members of the public are informed of the major provisions of the agreement before it becomes binding upon the District.
