PROGRAM SELF-EVALUATION (PSE) PROCESS

The California Department of Education (CDE) under Title 5, requires CSPP contractors to complete a Program Self-Evaluation (PSE) annually. The PSE consists of four components:

- Desired Results Developmental Profile (DRDP)

- Desired Results Parent Survey

- Classroom Assessment Scoring System (CLASS)

- Program Review Instrument

As part of the continuous improvement cycle, contractors are required to analyze findings from the self-evaluation and develop both a written list of tasks to modify the program and create procedures for ongoing monitoring to ensure areas that are satisfactory continue to meet standards. Contractors are required to submit the PSE to CDE by June 1st of every year. The PSE is shared with all stakeholders including parents and families, site staff, Child Development administration, and the CUSD Governing Board.

Maple Creek Preschool

DESIRED RESULTS DEVELOPMENTAL PROFILE

The DRDP is an individual assessment that preschool teachers complete twice a year to measure student progress on a continuum from preschool to kindergarten entry. These results are summarized and shared with parents. Preschool teachers use the formative data to plan for instruction—just as K-12 teachers do when they assess children. Preschool teachers analyze the data, plan for individual and group instruction, and continually monitor progress. Teachers complete a Summary of Findings with possible areas for improvement. District-wide program data is analyzed for trends. This data drives the program's continuous improvement cycle. The summary is used to create the action plans for the Program Self-Evaluation.

DESIRED RESULTS PARENT SURVEY

Desired Results Parent Surveys are distributed each spring in an online survey format. Families are asked 25 questions regarding how the program helps parents support their child's learning and development and meets the family's needs. Survey results are analyzed by individual classroom staff and program administrators. The survey data is included in the PSE.

CLASSROOM ASSESSMENT SCORING SYSTEM (CLASS)

CLASS is an observation instrument developed to describe and measure educator-child interactions. The CLASS tool measures three broad domains: Emotional Support, Classroom Organization, and Instructional Support. In addition to interactions, the tool measures children's engagement in content such as literacy, math, and social and emotional learning.

EMOTIONAL SUPPORT	CLASSROOM ORGANIZATION	INSTRUCTIONAL SUPPORT
Positive Climate Negative Climate Educator Sensitivity Regard for Child Perspective	Behavior Management Productivity Instructional Learning Formats	Concept Development Quality of Feedback Language Modeling

PROGRAM REVIEW INSTRUMENT

The Program Review Instrument consists of five overall areas and 24 specific requirements. The areas include:

- Family Files
- Family Engagement and Strengthening
- Program Quality
- Administrative
- Fiscal/Audit

Contractors are required to identify any areas that may be out of compliance and create a corrective action plan for each item.

Program Overview

Introduction

Clovis Unified School District (CUSD) utilizes the Expanded Learning Opportunities Program (ELOP) fund to establish the Expanded Learning Club (ELC) program which provides quality academic support and enrichment opportunities outside of the school day for students at all 35 elementary schools in the District. Additionally, Title I schools receive a sitewide fee waiver, allowing all enrolled students at those schools to participate in ELC free of charge.

Vision

ELC strives to be America's benchmark for excellence in providing expanded learning programs for students in elementary school.

Mission

Our mission is to provide a safe and supportive expanded learning environment that fosters educational and enrichment opportunities for students and staff.

Expanded Learning Club

ELC offers several program options for students during the school year and intersession. Parents may enroll their student(s) in multiple ELC programs based on their needs.

- **ELC Before School:** This program is available at most schools and starts at 7:00 a.m. until the first bell.
- **ELC Transitional Kindergarten/Kindergarten (TK/K):** This program is available at all schools and wraps around the 3.5 hour TK/K class.
- **ELC After School:** This program is available at all schools and starts right after the dismissal bell until 5:30 p.m.
- **ELC Full Day:** This program is available during fall, winter, spring, and summer break at selected sites. Full day program starts at 7:30 a.m. until 5:30 p.m.

Application Process

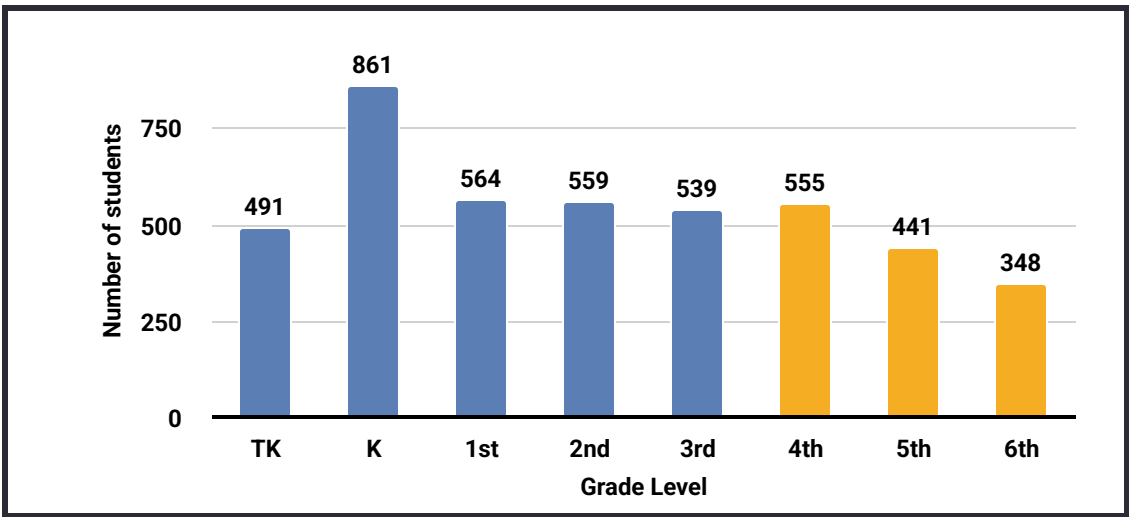

Participation in ELC is offered to all Clovis Unified students in grades transitional kindergarten through sixth. During the month of March, parent information meetings are held at all schools to ensure parents in each school community are aware of ELC programs offered and how to apply for their student(s). Parents must re-apply annually when the application for the following year opens in late April.

Program Highlights

The ELC program accepted a total of 4,358 unique student applications for the 2025-26 school year, reflecting robust participation across all 35 elementary sites. The program continues to serve a diverse student population, with 69% of the students accessing the program at no cost.

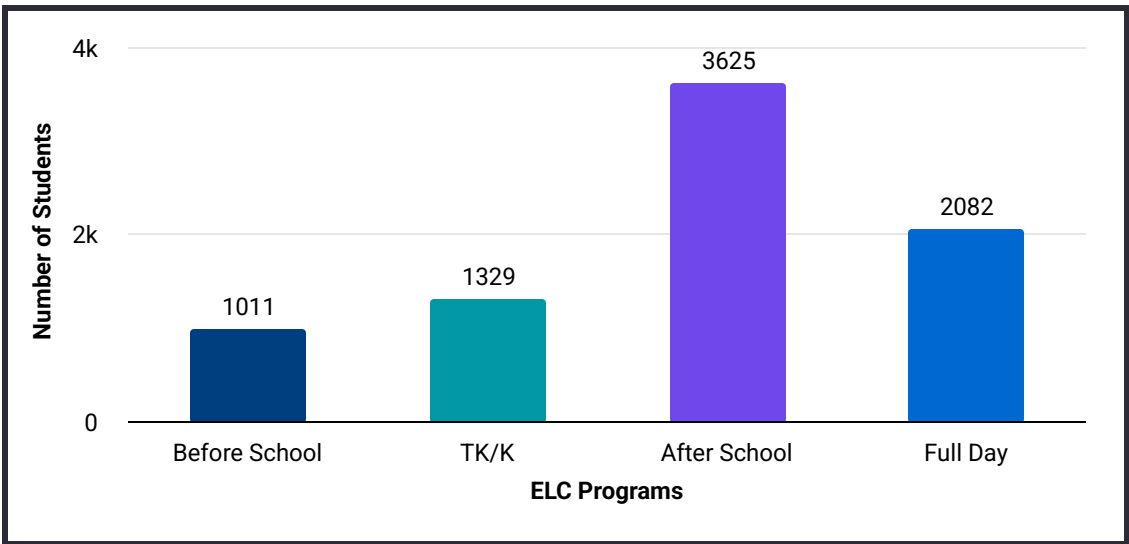

Participation by Grade Level

Participation in ELC programs was strong across all grade levels, with the majority of students, 69% enrolled in primary grades (TK–3), and the remaining 31% participating from upper grades (4–6).

Participation by Program

From July 1, 2025, through June 30, 2026, a total of 8,047 students have enrolled in one or more ELC programs.

Program Highlights

Safe & Engaging Learning Experiences

- To support student health and safety, the Child Development nurse reviewed 2,778 student health records and assisted staff in implementing 215 health plans.
- Students participated in a variety of enriching experiences including High Performance Academy camp, healthy snack options through Rainbow Chef Academy, and hands-on STEM lessons provided by Bricks4Kidz at all 35 sites.
- Learning was extended through educational field trips to the Fresno Chaffee Zoo, California State University, Fresno, Sierra Outdoor School, and InnovEd STEAM Lab.

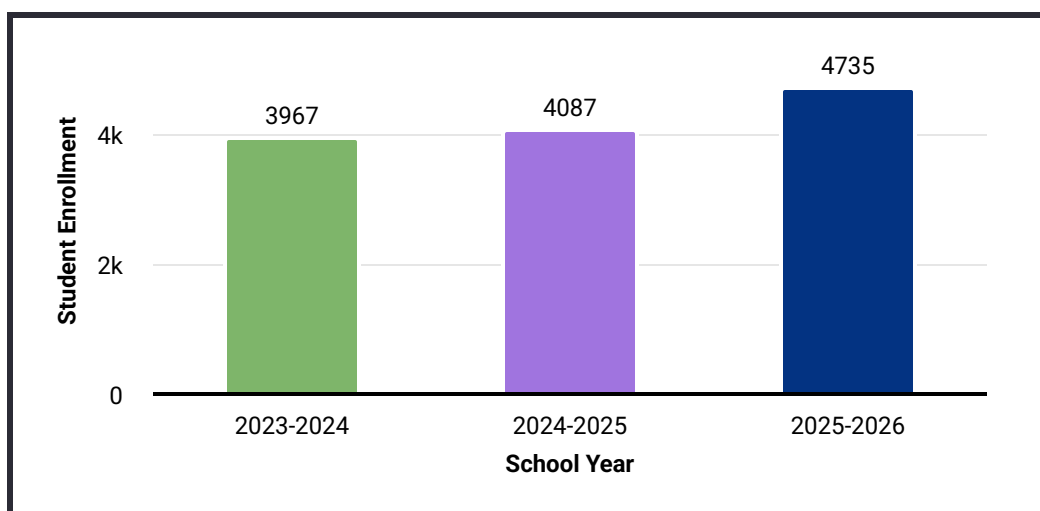

Staff Training

- Over 200 new staff members were hired this school year.
- The Child Development nurse provided CPR certification to 80 staff members.
- More than 35 employees earned promotions to the next-level position.

Growing Enrollment

Since the implementation of the Expanded Learning Club, strategic alignment of resources and staffing has enabled the program to serve an increasing number of students each year. Student enrollment has grown significantly, rising from 3,967 students on the first day of school in 2023 to 4,735 students during the 2025-26 school year. This growth reflects the program's expanded capacity and continued commitment to meeting the needs of more students and families.

Evaluation Process

During the month of May, students, parents, and staff were invited to participate in the Annual ELC Program Survey. The feedback from the survey is utilized to evaluate the program quality and make adjustments for the following year. Survey questions are based on the Quality Standards for Expanded Learning. Results are reviewed by the ELC leadership team and shared with site staff and site administration.

The Quality Standards for Expanded Learning are used to evaluate program quality. The standards are broken down into two categories: point-of-service and programmatic. Each quality standard has three levels of action: programmatic, staff, and students.

Point-of-Service Quality Standards

- Safe & Supportive Environment
- Active & Engaged Learning
- Skill Building
- Youth Voice & Leadership
- Healthy Choices & Behaviors
- Diversity, Access & Equity

Programmatic Quality Standards

- Quality Staff
- Clear Vision, Mission, Purpose
- Collaborative Partnerships
- Continuous Quality Improvement
- Program Management
- Sustainability

Survey Results

Parent Feedback

The Annual ELC Parent Survey was sent to families of 4,013 enrolled students, with 804 parents responding. Responses represented all ELC program sites across the District. Of the participating families, 66% had one child enrolled in ELC and 34% had two or more children enrolled.

Survey results reflected high levels of parent satisfaction across all quality standards. Key findings include:

- 96% of parents reported their child feels safe in ELC.
- 92% reported their child enjoys participating in ELC.
- 92% agreed ELC staff are high-quality and serve as positive role models.
- 90% agreed ELC provides engaging learning opportunities.
- 95% agreed ELC provides outdoor physical activities.
- 83% agreed ELC provides academic support for students.

Parents frequently praised the dedication of ELC staff, positive student experiences, and engaging program activities. The most common suggestions for improvement included expanding program availability, increasing communication with families, and providing additional staff training opportunities.

Survey Results

Student Feedback

During the month of May, all students in programs were invited to complete the Annual ELC Student Survey. At the conclusion of the survey period, 895 students from all grade levels provided input about their experiences in ELC.

The key findings included:

- 94% of students reported treating others with kindness and respect.
- 92% of students reported feeling safe in ELC.
- 91% of students reported having friends in the program.
- 90% of students reported that ELC staff make them feel welcome.
- 89% of students reported receiving help with homework.
- 89% of students reported following rules to keep themselves and others safe.
- 80% of students reported that they enjoy being in ELC.
- 78% of students reported enjoying the activities offered during the program.

Student feedback reflects a strong program culture centered on safety, belonging, positive relationships, and student support. Survey results indicate that students feel welcomed by staff, connected to their peers, and supported both socially and academically.

Feedback also provides clear direction for continuous improvement as programs seek to enhance student experiences through expanded activity offerings and additional snack choices.

Upcoming Priorities

Programs

- Expanded capacity by adding two additional TK/K programs at Pinedale and Tarpey to meet growing transitional kindergarten enrollment.
- Through cost-sharing partnerships with preschool programs, we will remodel existing playgrounds and install new playgrounds at key sites.
- Continue working with site leaders to identify and secure additional classroom space to support the ongoing growth of ELC after-school programs.
- Strengthen collaboration with teachers to provide intentional academic support and enrichment opportunities for students.
- Partner with the Technology Department to further improve the online application process, ensuring a reliable, accessible, and user-friendly experience for families.
- Refine CALPADS documentation and reporting practices to enhance compliance, data accuracy, and program accountability.

Staffing

- An Assistant Director was added to provide leadership, mentorship, and support to program supervisors.
- As the program continues to grow, ongoing efforts remain focused on recruiting, hiring, and retaining high-quality staff to serve increasing student needs.
- The expansion of full-time Instructor Lead positions from 20 to 24 will further strengthen overall program quality.

The Department's recreational offerings are available to all age-appropriate participants in Clovis, Fresno, and surrounding communities, whether or not such participants are enrolled in the District's educational program, and students enrolled in the District's educational program are never required to participate in the Department's noneducational, recreational programs or activities.

The proposed costs listed below are to attend the camp/clinic and may not include additional items such as spirit packs, shirts, jerseys, etc. The additional items will be provided at cost with no profit for the program. Title: Provisional Internship Permits

CONTACT: Denver Stairs**FOR INFORMATION:****FOR ACTION:** July 15, 2026

RECOMMENDATION:

Approve the Provisional Internship Permits (PIPs) for the recommended teaching candidates, as submitted.

DISCUSSION:

The PIP is available when the employing agency knows that there will be a teacher vacancy yet is unable to recruit a suitable candidate. The expectations of the employer and the employee are higher since this individual will be the teacher of record and should be on a credential track. The focus of the document is meeting subject matter competency. Once a candidate completes subject matter competency, the candidate can be employed on a document such as a District Internship Credential. Candidate requirements include the following: (1) Bachelor's degree or higher; (2) passage of the California Basic Educational Skills Test (CBEST); and (3) specific course work or experience, explained in detail on the PIP information leaflet.

As required by the California Commission on Teacher Credentialing (CCTC), employing agencies offering employment to a candidate on a PIP are required to: (1) conduct a diligent search for a suitable credentialed teacher or qualified internship teacher; (2) provide the PIP holder with orientation, guidance, and assistance as specified in Title 5 Section 80026.5 of the California Code of Regulations; (3) assist the PIP holder in developing a personalized plan (kept on file at the local level) through an agency-defined assessment leading to completion of subject matter competence; and (4) counsel the PIP holder to enroll in subject matter training. Clovis Unified School District administration hereby declares that a diligent search was conducted for suitable credentialed teachers or qualified internship teachers. Upon Board approval, District administration asserts that steps 2-4, as outlined above, will be completed.

School districts submitting PIP requests must include verification that a notice of intent to employ the applicant(s) in the identified positions was made public. The public notice must include the following information: (1) the name of the applicant(s); (2) the assignment in which the applicant(s) will be employed including subject(s), grade level(s), and school site; and (3) a statement that the applicant(s) will be employed on the basis of a PIP. Clovis Unified intends to submit a PIP request for the following teacher candidate(s), contingent upon administration and Board approval:

Name of Applicant	Assignment	Grade Level	School Site	Employment Status
Jillian Penner	Resource Specialist	9-12	Clovis West High School	PIP (Education Specialist Mild to Moderate Support Needs)
Nikolos Natsues	Resource Specialist	9-12	Clovis West High School	PIP (Education Specialist Mild to Moderate Support Needs)

A PIP shall be issued for one year and may not be renewed.

Lastly, public school districts must include a copy of the agenda item presented to the governing board of the district. The agenda item must be presented in a public meeting as an action item and include the information above for each individual for whom the permit will be requested. The permit request must include a signed statement from the Superintendent, or designee, that the item was acted upon favorably. To assure that each permit request receives individual review and approval by the Governing Board, the agenda item may not be part of the consent agenda.

These PIPs are being presented directly for action due to immediate hiring needs.

Title: Variable Term Waiver Requests

CONTACT: Denver Stairs

FOR INFORMATION:

FOR ACTION: July 15, 2026

RECOMMENDATION:

Approve the Variable Term Waiver (VTW) requests for the Career Technical Education (CTE) teaching candidates, as submitted.

DISCUSSION:

District Administration has actively sought qualified candidates who hold the appropriate subject matter credentials inclusive of English Learner Authorizations. In cases where a Designated Subject and/or CTE credential holder is required to hold a Specifically Designed Academic Instruction Delivered in English (SDAIE) authorization, but does not yet hold this authorization, and is not able to attain an emergency Cross-Cultural, Language and Academic Development (CLAD) Permit, it is necessary to request a VTW.

Currently, Clovis Unified School District employs the candidate(s) referenced below who will attain a preliminary CTE teaching credential. This credential does not include SDAIE while on preliminary status.

The anticipated date of program completion to obtain the SDAIE for the candidate(s) is approximately August 2028. As such, it is recommended that these VTW requests be approved to provide the time necessary for the teacher to earn his full SDAIE/English Learner Authorization.

Name of Applicant	Assignment	Grade Level	School Site	Employment Status

The bond shall be exonerated in the event that a failure of the classified employee to return and render two years services is caused by death, or in the Governing Board's opinion, adequate physical or mental disability of the employee. If the Governing Board finds, and by resolution declares, that the interests of the District will be protected by the written agreement of the classified employee to return to the service of the District and render at least two years of service therein following his return from the leave, the Governing Board in its discretion may waive the furnishing of the bond and pay the classified employee on leave in the same manner as though a bond is furnished.

The rules, terms, and type of program of a study or retraining leave shall be determined by the Governing Board. The District shall establish a means of verifying the participation of the classified employee on study or retraining leave. If, however, an employee is still receiving temporary disability payments under the Worker's Compensation Laws of this state at the time of the exhaustion of benefits under this section, they shall be entitled to use only so much of their accumulated and available normal sick leave and vacation leave, which, when added to the Worker's Compensation award, provides for a day's pay at the regular rate of pay. Any time an employee on Industrial Accident or Illness Leave is able to return to work, they shall be reinstated in their position without loss of pay or benefits.
 - c. In the event of job-connected illness or injury, the District reserves the right to designate the physician, surgeon or other medical/hospital services which are required, except where the employee has designated a personal primary care physician. CONTACT: Michael Johnston

FOR INFORMATION:

FOR ACTION: July 15, 2026

RECOMMENDATION:

Approve a 5% salary schedule increase for the 2026-27 school year for the California School Employees Association (CSEA), Chapter 250 and the Association of Clovis Educators (ACE) Psychologists and Mental Health Support Providers employees, in accordance with bargaining group contract settlements.

The Superintendent, Associate Superintendent of Administrative Services, and the Assistant Superintendent of Business Services shall certify in writing that the costs incurred by the school district under the agreement can be met by the District during the term of the agreement.

This is the same increase that was approved for other employees at the June 10, 2026, Governing Board meeting.

Intent of the Legislation: To insure the members of the public are informed of the major provisions of a collective bargaining agreement BEFORE it becomes binding on the school district; make available to the public and governing board, a copy of the proposed agreement prior to the day of the meeting.

DISCLOSURE OF COLLECTIVE BARGAINING AGREEMENT

SOURCE OF FUNDING

1) Identify the source(s) of funding for the CURRENT year.

The proposed salary schedule increase will be funded through projected increases in Local Control Funding Formula (LCFF) revenues, including the statutory cost-of-living adjustment (COLA) and the projected COLA augmentation, for a combined increase of 4.31% in LCFF funding.

The District's Governing Board has established a minimum reserve requirement of 10%. After implementation of the proposed salary schedule increase, the District is projected to maintain reserves above that requirement, with reserves not falling below 10.78% over the next five years.

2) If this is a single year agreement, how will the ongoing cost of the proposed agreement be funded in the next TWO SUBSEQUENT years? (i.e., What will allow the district to afford this contract?)

The ongoing cost of the agreement will continue to be funded with projected COLAs and revenue resulting from projected enrollment and ultimately ADA growth.

3) If this is a multiyear agreement, what is the source of funding, including assumptions used, to fund these obligations in subsequent years? (Remember to include compounding effect in meeting obligations.)

NA

4) What contingency language is included in the proposed agreement? Include specific areas identified. (i.e., reopeners, applicable fiscal years, and specific contingency language)

NA

5) Will this agreement create, increase, or decrease deficit financing in the current or two subsequent year(s)? Deficit Financing is defined to exist when a fund's expenditures and other financing uses exceed its revenues and other financing sources in a given year. If yes, explain the amounts and justification for doing so.

The District projects out five fiscal years, rather than just the current and two subsequent year requirement, to ensure fiscal stability. The General Fund is deficit spending in the current year, then the deficit will start decreasing in each subsequent year and the district will fully recover with a surplus projected in 2030-31. For 2026-27 the projected operating deficit after the agreement would be \$27,782,818 with a reserve of 14.13%, in 2027-28 \$21,513,402 with a reserve of 12.82%, in 2028-29 \$11,931,435 with a reserve of 11.10%, in 2029-30 \$1,213,115 with a reserve of 10.78%, and finally in 2030-31 a surplus of \$9,958,031 with a reserve of 11.85%.

6) Identify other major provisions that do not directly affect the district's costs, such as binding arbitrations, grievances procedures, etc.

NA

DISCLOSURE OF COLLECTIVE BARGAINING AGREEMENT

7) What are the specific impacts on instructional and support programs to accommodate the settlement? What is the increase to services if using Supplemental/Concentration dollars?

NA

OTHER PROVISIONS

OTHER COMPENSATION: Off-schedule stipends, bonuses, etc.

For the ACE Psychologist and Mental Health Support Providers bargaining unit, one department chair stipend per area was added. That's a total of six stipends. Each stipend ranges from a salary of \$4,197 through \$7,368 annually; step placement is dependent on experience. For projection purposes, step 3 was utilized.

NON-COMPENSATION: Grievance procedures, staff development days, teacher prep times, etc.

Title: Resolution No. 4104 – Annual Authorization of Inter-Fund Loans for Cash Flow Purposes

CONTACT: Michael Johnston

FOR INFORMATION: July 15, 2026

FOR ACTION: August 5, 2026

RECOMMENDATION:

Adopt Resolution No. 4104 authorizing inter-fund loans for cash flow purposes, as submitted.

DISCUSSION:

California Education Code section 42603 authorizes school districts to make inter-fund loans between funds. It is in the best interest of the District to allow such loans in order to facilitate the investing of money and to avoid having to borrow money from outside financial institutions when one of the funds may have a cash shortage. This inter-fund loan process is utilized only as authorized by the California Education Code, which requires that the loan be repaid in the same year, or subsequent year, if borrowing takes place within 120 days of the fiscal year-end. The Education Code also does not allow more than 75% of the money held in any fund during the current fiscal year to be transferred. District Administration recommends the Board approve a resolution authorizing these inter-fund loans during the fiscal year of 2026-27, as needed.
