Title: Variable Term Waiver Request

CONTACT: Denver Stairs

FOR INFORMATION:

FOR ACTION: October 14, 2026

RECOMMENDATION:

Approve the Variable Term Waiver (VTW) request for the recommended Career Technical Education (CTE) teaching candidate, as submitted.

DISCUSSION:

District Administration has actively sought qualified candidates who hold the appropriate subject matter credentials inclusive of English Learner Authorizations. In cases where a Designated Subject and/or CTE credential holder is required to hold a Specifically Designed Academic Instruction Delivered in English (SDAIE) authorization, but does not yet hold this authorization, and is not able to attain an emergency Cross-Cultural, Language and Academic Development (CLAD) Permit, it is necessary to request a VTW.

Currently, Clovis Unified School District employs the candidate referenced below who will attain a preliminary CTE teaching credential. This credential does not include SDAIE while on preliminary status.

The anticipated date of program completion to obtain the SDAIE for the candidate is approximately August 2028. As such, it is recommended that this VTW request be approved to provide the time necessary for the teacher to earn his full SDAIE/English Learner Authorization.

WHEREAS, the Clovis Unified School District (“District”) intends to acquire real property for a new future educational center and related facilities (the “Project”) as necessary in order to mitigate the impact of anticipated student growth in the northeastern portion of the District; and

WHEREAS, the District has selected, as the most suitable site for the Project, real property generally located at 10464 East Herndon Ave., Clovis, California, and consisting of approximately 250 gross acres (the “Property”) owned by Timothy Indart, Andrea Indart, and John Bennett (the “Sellers”); and

WHEREAS, the Property, as well as the terms of acquisition, are more particularly described in two agreements (APNs 150-340-26 and 150-340-16, respectively) entitled "Commercial Purchase Agreement and Joint Escrow Instructions" with exhibits (collectively, the “Purchase Agreement”); and

WHEREAS, California Education Code section 17211 requires a school district to evaluate proposed school site property at a public hearing using the site selection standards established by the California Department of Education (CDE) pursuant to subdivision (b) of section 17251; and

WHEREAS, notice that the District will hold a public hearing in accordance with Education Code section 17211 was provided to the public within a reasonable period of time prior to the date of the hearing; and

WHEREAS, there is no substantial evidence before the Board that the subject property conflicts with the CDE site selection standards; and

WHEREAS, pursuant to Education Code section 17213.1, the District contracted with a qualified environmental assessor to prepare a Preliminary Environmental Assessment (“PEA”) for the Project; and

WHEREAS, the Project site is not, and has not been, a hazardous waste disposal site or solid waste disposal site; the Project site is not a hazardous waste release site identified by the State Department of Health Services; and the Project site does not contain pipelines situated underground or above-ground which carry hazardous substances, acutely hazardous materials, or hazardous wastes; and

WHEREAS, the District is consulting with the CDE and Department of Toxic Substances Control with respect to evaluation or remediation of the Property; and

WHEREAS, the District has funds available for the acquisition of the Property; and

WHEREAS, the Sellers have agreed to sell the Property to the District for a total purchase price as set forth in the Purchase Agreement; and

WHEREAS, the terms and conditions of the acquisition are set forth more fully in the Purchase Agreement; and

WHEREAS, it is in the best interest of the District to acquire the Property

for the Project; and

WHEREAS, the purchase of the Property is itself a “project” for purposes of the California Environmental Quality Act (“CEQA”) and so requires CEQA review and the preparation of appropriate CEQA documentation before it may be approved, except that under California Code of Regulations, Title 14, section 15004(b) the District may defer such review and document preparation until the District has completed its plans for the use of the Property if it conditions the District’s future use of the Property on compliance with CEQA before such use; and

WHEREAS, the Board intends to so condition the District’s future use of the Property; and

WHEREAS, upon approval of this Resolution, the District shall be authorized to enter into the Purchase Agreement and to acquire the Property.

Title: Biennial AB 3141 Health and Benefits Actuarial**CONTACT:** Michael Johnston**FOR INFORMATION:** September 23, 2026**FOR ACTION:** October 14, 2026**RECOMMENDATION:**

Approve funding the projected 2025-26 retiree health and welfare benefit costs on an incurred "pay-as-you-go" basis with the understanding sufficient funds to cover annual costs have been included in the 2026-27 budget.

DISCUSSION:

Governmental Accounting Standards Board Statement 75 (GASB 75) requires government agencies to account for Other Post-Employment Benefits (OPEB) in their financial statements using the full accrual method. Currently, the District pays for the OPEB costs annually on a pay-as-you-go basis. Beginning with the 2008-09 fiscal year financial statements, the District has been required to show the liability of these benefits on its financial statements.

In order to comply with the requirements of GASB 75, the District secured the services of Foster & Foster Actuaries and Consultants to perform an actuarial study of the District's retiree health liabilities or OPEB. This actuarial report is required at least once every two years.

The results of the actuarial study are as follows:

The Actuarial Accrued Liability of the District's OPEB is \$503.3 million. This figure represents the present value of retiree health benefits that has accrued for each employee and retiree since they were hired. With respect to the actuarial report, this amount is unfunded.

The Normal Cost, estimated at \$517.3 million, is the annual cost of service accrual for the upcoming fiscal year for active employees. This can be thought of as the cost for OPEBs being earned by employees in exchange for services now.

The net change to the OPEB obligation that will appear in the District's 2025-26 financial statements is \$3.6 million.

The pertinent information contained in the Actuarial Study will be incorporated into the District's 2025-26 audited Financial Report.

The report is available to view in its entirety through the Business Services Department.

FISCAL IMPACT:

No impact on the 2026-27 budget as the cost is already included in the Adopted Budget on a "pay-as-you-go" basis. Estimated pay-as-you-go costs for the next several years are as follows:

Fiscal Year	Estimated Pay-As-You-Go Costs

Title: Annual Fresno County School Trustees Association Dues

RECOMMENDATION:

Should the Governing Board desire to maintain its membership in the Fresno County Trustees Association for the 2026-27 school year, it will be necessary for the Board to approve the payment of dues in the amount of \$720.

DISCUSSION:

Annually, Clovis Unified School District's Governing Board has agreed to pay dues for membership in the Fresno County School Trustees Association. The Association uses funding from dues to continue ongoing programs, strengthen the trustee organization, and support public education. The dues are a flat rate for a seven-member Board and the Superintendent (total of 8 people). The dues for 2025-26 were \$720.

This item will appear on the October 28, 2026, consent agenda.

Title: Annual Concurrent Public Higher Education Program, First Semester 2026-27

CONTACT: Marc Hammack

FOR INFORMATION: October 14, 2026

FOR ACTION: October 28, 2026

RECOMMENDATION:

Approve the participation of students from Buchanan, Clovis, Clovis East, Clovis North, Clovis Online, and Clovis West high schools in the Concurrent Public Higher Education Program for the first semester of the 2026-27 school year, as submitted.

DISCUSSION:

Section 4880 of the California Education Code allows governing boards of school districts to authorize students to attend public higher education classes if students would benefit from the advanced scholastic or vocational training offered by public community colleges. School districts receive full Average Daily Attendance (ADA) credit for students participating in the program if the student attends his/her regular high school for at least 240 minutes per day or receives $\frac{3}{4}$ of a full ADA if the student participating in this program attends their regular high school for at least 180 minutes per day.

Students at Buchanan, Clovis, Clovis East, Clovis North, Clovis Online, and Clovis West high schools have participated in this program for the past several years. For the District to claim this additional ADA, audit forms will be required to verify that all students participating in the Concurrent Public Higher Education Program summarized above are approved by the Governing Board.

The 2026-27 first semester concurrent enrollment in the Clovis Community College Advantage Program (CCCAP) at the District's five comprehensive high schools and Clovis Online School is as follows:

School	Enrollment
Buchanan High School	18
Clovis High School	11
Clovis East High School	18
Clovis North High School	34
Clovis Online School	6
Clovis West High School	10
Total Enrollment	97

This item will appear on the October 28, 2026, consent agenda.

Title: Agreement with California Teaching Fellows Foundation and the Education Pathway Program with Clovis Unified School District's Career Technical Education

CONTACT: Marc Hammack

FOR INFORMATION: October 14, 2026

FOR ACTION: October 28, 2026

RECOMMENDATION:

Authorize the Superintendent or designee to execute a service agreement with California Teaching Fellows Foundation (CTFF) for the 2026-27 school year to provide professional development for the Clovis Unified School District (CUSD) Career Technical Education (CTE) Education Pathway program.

DISCUSSION:

The District's agreement with CTFF is a partnership devoted to increasing the number of CUSD students who complete the 9-12 Careers in Education Pathway, transition into a pathway-related postsecondary program of study, and complete a bachelor's degree and teaching credential.

This partnership is another element of the District's "grow our own" approach to recruiting future CUSD teachers. CTFF staff will provide a work-based learning coordinator, stipends for CUSD student interns serving as tutors in the District's summer schools, and a one-stop-shop of support and counseling for CUSD's education pathway students.

FISCAL IMPACT:

\$102,550 will be funded by the California Technical Education Incentive Grant.
